## Meeting Vesemir, Ciri and the Witchers

Once morning comes I wake up go across the hall to the bathroom, brush my teeth, and hair I often wear in a ponytail with long parted bangs, wear pale face makeup, peach eye shadow around my eyelids, under my eyebrows, above my cheekbones and wear red lipstick.

"I hope I get to see Geralt again we have been friends since we were little kids I can't wait to see him again" I said.

After I get my hair and makeup done, I walk into my room, to my closet, pick out my favorite outfit, gorgeous necklace Geralt bought me and comfortable shoes put them on, run out of the woods since I was their slave but Nilfgaardians chase me they use their swords to injure me badly cutting and stabbing me where they want to I pass out some of them rip my clothes off of me they all take turns raping me.

"This is even better than we thought now she can't fight back we used crossbows to injure her badly and used knives to cut and stab her now she's naked and raped" Dilvyn said.

After they rape me some of them tie me to the tree and gag me with duct tape then leave me there unconscious, injured badly, naked, tied and gagged. I have my cloak with me but I can't put it on to cover myself up. Meanwhile Geralt just got done killing monsters now he is on his way back to Kaer Morhen. While riding Roach he sees me in bad shape.

"Oh Kara what happened to you don't worry I will free you and bring you with me to get checked out, rest and some new clothes" Geralt said.

He gets off Roach, walks over to me, cuts the rope, takes the duct tape off, stands me up, puts my cloak on covering me up, picks me up, puts me on Roach, gets on holding me making sure I don't fall off. We finally make it back to Kaer Morhen, gets off Roach, picking me up, carrying me in his arms, opens the door, walks in with me carrying me to a room.

"Hey Geralt are you ok because you look angry and worried what happened and who is that girl you brought with you?" Vesemir said.

He looks at Vesemir.

"I'm fine remember when I was a little kid I was playing with another little kid her name is Kara Danvers she was injured badly, unconscious, naked, tied and gagged I brought her here so she can heal, rest and get some new clothes there is something wrong she looks scared and has something on her mind" Geralt said.

Ciri is in my room helping me get cleaned up and dressed she walks out of my room. I follow her, and walk over to the table and sit down she brings me some food and drink. I start eating and drinking which is really good. She knows I'm scared because I am shaking badly how am I supposed to explain what happened to me when he found me.

"Hi Kara I'm Ciri I'm Geralt's adopted daughter I'm the one who cleaned you up, helped you get dressed and got you some food to eat and drink you can tell me?" Ciri said.

I smile at her.

"Nice to meet you Ciri that's so cool thank you for helping me get clean, dressed and something to eat I will tell you but you promise not to tell him I will tell him" I said.

She smiles back.

"I promise not to tell him it's your choice to tell him" Ciri said.

I hug her.

"I'm a werewolf like Geralt is a Witcher don't worry I won't hurt you or anyone except evil I was escaping from them all of a sudden a dozen Nilfgaardians chased me, used crossbows and knives to hurt me they injured me badly, cut and stabbed me I was unconscious they decided to have some fun they ripped my clothes off, took turns raping me, tied me to a tree and gagged me with duct tape leaving me in a lot of pain and naked Geralt found me, freed me and brought me here" I said.

She hugs me back Vesemir walks over to me sitting down and smiles at me. He knows I am scared and shaken but reassures me to tell Geralt what I told Ciri he won't judge me neither will the rest of them and will introduce me to them. He sees all the injuries I have and knows they will take a while to heal on their own.

"Nice to meet you Kara, Geralt told me about you when you were little kids he never mentioned that you are a werewolf let me introduce you to the other Witchers this is Lambert, Coën, Everard, Gwain, Eskel and Merek" Vesemir said.

I look at him.

"Nice to meet all of you that's because people are afraid of me just like they are afraid of monsters I would never hurt people unless they hurt me, you, Lambert, Coën, Everard, Gwain, Merek, Eskel, Ciri and Geralt I will protect all of you especially Geralt he protects me too we have that bond we always talk about things I never told him what I told Ciri" I said.

Lambert, Coën, Everard, Gwain, Eskel and Merek all smile at me.

"Nice to meet you too welcome to our home Kaer Morhen" Lambert, Coën, Everard, Gwain, Eskel and Merek said.

They go back to eating, drinking and talking. I walk over to the table Geralt is sitting at sit next to him he knows I'm scared and shaken but he comforts me I have to tell him what happened before he found me.

"Kara you can tell me what you told Ciri I won't judge you we protect each other" Geralt said.

I smile at him.

"I was escaping from them all of a sudden I was chased by a dozen Nilfgaardians they used crossbows to injure me, knives and swords to cut and stab me I was unconscious and weak when they caught me they thought it was funny to rip my clothes off, take turns raping me, tied me to a tree and gagged me with duct tape leaving me unconscious, in pain, weak, naked tied and gagged that's where you found me and brought me here" I said.

He hugs and kisses me.

"Thank you for telling me if you have a nightmare and wake up just remember your safe here come find me I will help you again if it's what you went through Vesemir and I will help you don't worry they won't hurt you again if they do we will handle it together" Geralt said.

I hug and kiss him back.

"Your welcome I will I promise to come find you if I have that nightmare so Vesemir and you can help me" I said.

I get up from the table, explore seeing all the different rooms and what is in them after I explore I go back to my room, open the door, walk in, close the door, change into my pajamas, get into bed and fall asleep I try not to have that nightmare but I have it I wake up fast, get out of bed, put my shoes and cloak on, walk out of my room and try to find Geralt.

"I hope he is here and not in his room sleeping" I said.

I walk into the dining hall see Lambert, Coën, Everard, Gwain, Eskel and Merek but I don't see Geralt. I walk over to them and sit in front of them. They look at me and smile but Lambert makes me feel uncomfortable Coën is trying to get him to stop.

"Hey are you ok because you look scared and are shaking again?" Everard said.

"Yeah we know you and Geralt are close since you were little kids your safe here they can't hurt you" Gwain said.

Eskel and Merek look at them and me.

"That's true they are right your safe here even though you can protect yourself if you ever run away from here Geralt will find you and bring you back here" Eskel and Merek said,

Everard, Gwain, Eskel and Merek all go to bed for the night they walk to their rooms, walk in close the doors, get into bed and fall asleep. Lambert and Coën are still talking to me before they head to bed for the night.

"Aw is the little wolf afraid to get her feelings hurt I know for a fact that Geralt doesn't love you he loves someone else not a werewolf like you but a sorceress who is his true love and soul mate he never had a chance with you" Lambert said.

Coën looks at me then him.

"Kara don't listen to him he doesn't know what he's talking about why the fuck did you say that to her you know her and Geralt are soul mates he really doesn't love Yennefer after she betrayed him and Ciri besides Ciri took a liking to Kara they are adopted mother and daughter just like Geralt and Ciri are adopted father and daughter" Coën said.

I look at them.

"Coën thank you for sticking up for me I appreciate it if Geralt is looking for me he knows where to find me Lambert fuck you" I said.

He smiles at me.

"Your welcome don't worry I will if he asks what happened I will tell him" Coen said.

He is angry.

"What is the little wolf going to do to me I'm so scared" Lambert said.

I get up from the table, kiss Coën on the cheek, grab Lambert by his neck and throw him across the room to the other side where he is laying on the floor in pain. Coën gets up and walks to the other side of the room helping Lambert up I put my hood up, walk to the door, opening it, walk out, close it and run in full wolf form away from here.

"I can't believe that jerk said that to me I guess he doesn't like me but the others do" I said to myself.

I keep running fast trying not to get kidnapped by the Nilfgaardians so they can hurt and rape me again since they like to do it I might kill them if I had a sword I stop, look around and run some more not realizing that the Nilfgaardians are right in front of me I start running but they shoot me with a crossbow, cut, stab, and rip my pajamas off.

"Oh look who's back for more you couldn't stay away could you" Dilvyn said.

"Aw what are you going to do little one?" Drugan said.

I take his sword and fight the others beheading some and cutting the others the ones that aren't hurt grab me, pin my arms and legs while Drugan and the others stick their erections down my throat and Dilvyn and the others take turns raping me again. Meanwhile back in the dining hall in Kaer Morhen Geralt looks around but doesn't see me.

"Coen, Lambert where is Kara she was here now she's gone?" Geralt said.

Coen and Lambert look at him.

"She was talking to us I stuck up for her she thanked me I told her don't listen to Lambert he said something that upset her she attacked him and ran away" Coen said.

"All I said was aw is the little wolf afraid to get her feelings hurt I know for a fact that Geralt doesn't love you he loves someone else not a werewolf like you but a sorceress who is his true love and soul mate he never had a chance with you she got mad, said fuck you, attacked me and left" Lambert said.

Geralt looks at them.

"Thank you for telling me Lambert you know that Yen and I moved on I love Kara as does Ciri so much when I get back we are going to have a talk with Vesemir" Geralt said.

Back outside of Cintra they are still having rough oral sex and raping me I try to kick them off of me but forgot I can't the others stab me in the stomach and cut half of my neck they tie me up and gag me again still groping me I have tears in my eyes falling down my face. Geralt leaves, gets on Roach and sets out to find me hoping I'm ok.

"Hang on Kara I'm coming just remain strong" Geralt said.

Geralt keeps going until he finds me in the same predicament gets the rest off of me he sees that I beheaded and cut some of them he gets off Roach, frees me again picks up my cloak putting it on me, picks up my pajamas, lays me on Roach, gets on and rides back home to Kaer Morhen fast where I will get cleaned up, checked out and rest.

"Thank you for saving me again I'm sorry I ran away I got mad, upset attacked Lambert and ran off where it happened again I feel like I'm going to be sick" I said.

He smiles at me.

"Your welcome it's ok if you ever have a problem just talk to us it's better than running away they made it worse this time when we get back I will bring you to your room where you can change and clean up you can tell us what happened and your nightmare we will make sure Lambert doesn't make you upset or angry" Geralt said.

Meanwhile back inside of Kaer Morhen Vesemir, Lambert, Coen and Ciri are waiting for us to come back hoping I am ok they know I will be in bad shape again and want me to tell them about my nightmare and what happened then try to figure out what to do to help me.

"They should be back by now it's almost dark" Vesemir said.

"I'm sure they will be here soon after all she did run away back to where it happened the first time I'm sure she had fun while they did it again" Lambert said.

Coën and Ciri look at them.

"Lambert what did we say about hurting Kara's feelings you saw what she did to you when you made her angry and upset we don't need her doing it again" Coën said.

"I love Kara even though she is a werewolf she's nice and will protect us especially Geralt they are in love ever since they were little kids" Ciri said.

Geralt and I finally make it back home, he gets off Roach, picks me up carrying me in his arms, opens the door, walks in closing the door, carrying me to my room, lays me on my bed, walks out closing the door, and sits in the dining hall next to Ciri while they wait for me so I can tell them what happened.

"I found her and brought her back she looks so much worse than she did the first time she looks like she is going to be sick so I put her in her room so she can get clean and dressed we need to give her something to drink so she can get the bad taste out of her mouth" Geralt said.

I get off the bed, run into the bathroom, throw up cum, flush the toilet, wash my hands, walk back into my room and put clean pajamas and my slippers on I open the door, walk out into the dining hall over to where Geralt is and sit next to him Ciri gives me something to drink which I enjoy. They notice my neck and stomach are bleeding Ciri puts gauze on them.

"So can you tell us what happened then your nightmare?" Vesemir said.

"Well I was angry and upset at Lambert because he upset and made me mad so I attacked him and ran away I ended up back outside of Cintra where I was the first time they shot me with a crossbow, cut and stabbed me with a knife they had oral sex sticking their erections down my throat and raped me again my nightmare was where I was running injured, unconscious, naked, weak tied and gagged they tried to kill me but Geralt killed them before they could kill me" I said tears falling down my face.

"That's really bad I heard you cut and beheaded some of them good for you this is your home your safe here you protect Ciri and Geralt like he protects you" Coën said.

Lambert looks at me.

"Apologize for attacking me or else" Lambert said.

Ciri smiles at me.

"I'm glad your ok but hate what you went through the rape will be with you forever Lambert had no right saying that to you he deserved what you did to him" Ciri said.

I look at them.

"I'm fine thanks for asking I know I'm strong for a little werewolf yes I did behead them I'm not apologizing for attacking you deserved it you can't hurt me go fuck yourself" I said.

Geralt wipes my tears away I lay my head on his shoulder and fall asleep he picks me up, gets off the bench, carries me in his arms, walks to my room, walks in laying me in bed under the covers hugs and kisses me goodnight.

"Goodnight Kara thank you for telling us we will help anyway we can let me know if you have the nightmare or if Lambert hurts you we will deal with it love you" Geralt said.

I hug and kiss him goodnight.

"Night Geralt your welcome thank you for not judging me again I will let you know if I have a nightmare or if Lambert hurts me love you so much too" I said.

Geralt walks out of my room, closes the door, walks into the dining hall where Vesemir, Lambert and Coen are since Ciri went to her room, got into bed and fell asleep. They smile at him and are worried but they talk before they go to bed.

"She must be tired after what happened to her I know she's strong like you and she protects you like you protect her but she is safe here this is her home" Vesemir said.

"Yeah she was she needs time to heal as well Lambert if you ever hurt her we will punish you" Coen said.

Lambert looks at them.

"Alright I promise not to upset, make her angry and hurt her" Lambert said.

Geralt looks at them.

"She's safer here with us we have to find a way to help her with her nightmare she's really scared I will protect her like she protects me" Geralt said.

They all head to bed and all fall asleep.

# Helping Kara Protecting Ciri and Geralt

## Chapter Summary

Kara hopes to have a better day today than she did yesterday with what happened to her twice being injured badly, cut, stabbed rough oral sex and rape she knows Lambert doesn't like her she doesn't like him either if he hurts her she will attack him again since he deserves it. Vesemir and Geralt try to figure out how to help her with her nightmare and hope she is calm not upset, angry or scared she is still scared. Will they help her? Will Lambert hurt her? Will Kara ever heal or will it happen again?

Once morning comes I wake up go across the hall to the bathroom, brush my teeth, and hair I often wear in a ponytail with long parted bangs, wear pale face makeup, peach eye shadow around my eyelids, under my eyebrows, above my cheekbones and wear red lipstick.

"I hope today is a better day for me than yesterday I do not want to deal with Lambert again" I said.

After I get my hair and makeup done, I walk into my room, to my closet, pick out my favorite outfit, gorgeous necklace Geralt bought me and comfortable shoes put them on, walk to the door opening it, walk into the dining hall where Ciri is sitting I have my food and drink I see Geralt walk in and sit next to me I hug him he hugs me back eats and drinks.

"Good morning Kara did you finally sleep well?" Ciri said.

Geralt looks at me.

"I hope today is a better day for you so you can forget about what happened to you twice yesterday although Ciri is right the rape will be with you forever" Geralt said.

I look at them.

"Good morning Ciri, Geralt yes I did I hope so I just want to forget what happened to me twice yesterday I'm still not apologizing to Lambert he had that coming" I said.

Vesemir, Gwain, Eskel, Everard, Merek, Coën and Lambert walk in, sit at their tables, eat, drink and talk. They look at me and smile but Lambert looks at me smirking evilly I know what he is going to do either when I'm sleeping or when we are the only ones in here.

"So how is everyone this morning?" Eskel and Gwain said.

"We are fine how about you?" Everard and Merek said.

Coën, Lambert and Vesemir look at them.

"Same as us" Coën, Lambert and Vesemir said.

While we are enjoying our morning the Nilfgaardians are enjoying theirs tending to the wounded guards and planning revenge on me for killing and injuring them. They are coming up with a plan to kidnap, injure, cut, stab and rape me again making sure I am scared of them forever.

"So what's the plan to kidnap the little werewolf as revenge for killing and injuring our partners?" Dilvyn said.

Drugan looks at him.

"Let's see if she's with the Princess and Witcher we could grab her, carry her, use a crossbow to injure her, a knife to cut her, sword to stab her, rip her clothes off, rape her, tie her up, gag her then rape her some more and try to kill her" Drugan said.

Back at Kaer Morhen Ciri, Geralt and I are going for a ride and walk he takes her riding on Roach while I walk with them, we walk to the door, open it walk out, closing it they get on Roach while I have my cloak on and walk with them hoping it will calm me down they know I'm still scared and reassure me I will be fine.

"I hope this helps you calm down even though you are still scared it's ok to be scared it's part of who you are?" Ciri said.

Geralt looks at her and me.

"Your right Ciri she does still look scared Kara it's ok we know your scared we will make sure they don't injure or rape you ever again" Geralt said.

I look at them.

"I know I'm strong too even though I'm protecting both of you and your protecting me" I said.

We walk past the spot where I was twice and keep walking little did we know that some of the Nilfgaardians, Dilvyn and Drugan spot me, grab me, carry me to a different spot, injure, cut and stab me with a crossbow, knife and sword then tie me to another tree, gag me with duct tape rip my clothes off and rape me again they take turns.

"This is even better than the first 2 times we did this to her it's going to be worse for you than the 2 times this happened to you" Drugan said.

"Welcome to your nightmare little wolf we won't kill you but this is revenge for killing and injuring our partners" Dilvyn said.

I look at them with tears running down my face and try to call for help but it's just muffle screaming.

"Mmmph!" I muffle scream.

Dilvyn covers my gagged mouth with his hand muffling it even more I have blood running down from my stomach, leg neck and face Ciri and Geralt are looking for me they follow the guards halfway, get close, find me in the same predicament again, gets off Roach, hurts the others, gets Drugan and Dilvyn away from me, frees me, carrying me to Roach.

"Oh Kara you look so bad again we need to go back home to clean her up, get dressed and rest but something is bothering her besides this" Ciri said.

Geralt looks at me.

"Just rest we will be home soon then we can find out how to help you and help with your nightmare we need you to rest your weak right now and can barely stand" Geralt said.

I look at them.

"They got revenge for killing and injuring the others I guess I wasn't strong enough this time I'm, really exhausted and weak" I said tiredly and weakly.

Ciri, Geralt and I get back home fast, get off Roach, he carries me in his arms, Ciri opens the door, we walk in, he carries me to my room, lays me on the bed, walks out of my room, into the dining hall where the others are and sits down while Ciri cleans me up, bandages my leg, stomach and neck but leaves my face alone, she helps me get dressed and rest.

"Get some rest if you have a nightmare Geralt will be here fast then you can join us if Lambert does something I will let Geralt know" Ciri said.

She kisses me on the lips, covers me up, walks to the door, opening it, walks out closing it, walks into the dining hall and sits at the same table we sat at talking to them. They know I'm scared and hope they can help me with my nightmare and me Geralt is worried but Vesemir assures him that I'm ok.

"Don't worry she's resting right now but she is scared we will help with her nightmare and her" Vesemir said.

Gwain, Eskel, Everard and Merek are busy with their hobbies, Coen and Lambert are talking, Vesemir, Ciri and Geralt are busy helping me with my nightmare trying to find out how to help they know I'm scared especially when Ciri had to see that she is strong just like Geralt and me.

"I really hope she is ok we all know she is safe here" Gwain said.

"Me too she deserves to be safe even though she is a werewolf she is family after all" Everard said.

Eskel and Merek looks at them.

"I just hope what she has been through three times doesn't get worse for her" Eskel and Merek said.

Back in the dining hall Coën and Lambert are talking he wants revenge for me attacking him Coën doesn't want him anywhere near me neither does Geralt. Coën and Lambert walk out of the dining hall past our rooms he stops by my room but waits for Coën to leave they walk past my room. Coën heads to where Vesemir, Ciri and Geralt are.

"Hey what are you doing can I help I'm worried about her too I know she is scared she is safe here after what she has been through 3 times she needs to heal" Coën said.

Vesemir looks at him.

"We are trying to help her with her nightmare and her she is taking a nap which is a really long nap she needs to heal or she's not going to get any better" Vesemir said.

Ciri looks at him.

"Are you ok you look worried?" Ciri said.

Coën looks at her.

"I'm fine I'm worried though something doesn't seem right to me" Coën said.

Geralt looks at him.

"What doesn't seem right to you?" Geralt said.

Back in my room, Lambert opens my door, walks in quietly, closes my door, walks over to my bed, puts his hand over my mouth takes his sword cuts my other leg, opens my pajama shirt, cuts my chest where my ribs are then cuts my neck he smiles at me.

"This is revenge for attacking me I know you will do it again so beware I know Geralt is protecting you and your protecting him but he won't be there for you when I hurt you again I will make sure of that" Lambert said.

I look at him with tears in my eyes and scared.

"Mmmpho mmmphou mmmphn't" I muffle whimper.

Meanwhile back in the lab Coën answers them.

"Uh have you checked on Kara since she was taking a nap I know Ciri was before she walked out of her room?" Coen said.

Geralt looks at him.

"Not in a while what's going on where is Lambert?" Geralt said.

Vesemir looks at them.

"I'm not sure he's usually with Coën they do everything together" Vesemir said.

Coen looks at him.

"Remember when Kara told us that she attacked Lambert because he made her mad and upset well he's in her room right now getting revenge I tried to stop him but he did it anyway" Coën said.

Geralt walks out of the lab and heads to my room, he sees my door open, walks in and sees Lambert with his hand over my mouth, blood coming from my chest and neck, I bite his hand making him release it Geralt kicks him out, he bandages my chest and puts gauze on my neck, he picks me up, carrying me in his arms and walks to the lab.

"Kara are you sure your ok because you don't look like you are?" Geralt said.

I look at him.

"He wanted revenge so he came into my room, cut my neck and chest he told me that I protect you and you protect me but you won't be there for me when he hurts me again he will make sure of that I don't think I'm safe in my room he can come and go" I said still with tears in my eyes falling down my face.

He closes my pajama shirt and holds me close to him wiping my tears away he reassures me he will be there when Lambert hurts me again as will Coën, Vesemir, Everard, Eskel, Gwain and Merek.

"Don't worry we will be there I guess you can sleep in my room with me at the end of my bed he won't step foot in my room" Geralt said.

Vesemir, Coën and Ciri are still trying to help with my nightmare and me but for now we all head to our rooms for the night Coën, Lambert, Everard, Gwain, Eskel and Merek are already in their rooms with their doors closed as are Vesemir and Ciri, Geralt and I are in his room he's in bed and I'm laying by the wall with a blanket over me fast asleep.

"I really need to make sure that Lambert doesn't end up hurting me again" I said.

The next day we are all in the dining hall eating and drinking. Vesemir is talking to us about how to help with my nightmares and me Geralt is holding me close to him. Lambert is looking at me smiling knowing he will hurt me again.

"I think we have a way to help Kara with her nightmare and her?" Vesemir said.

Coën looks at him.

"Really please tell us we need to know as does she" Coën said.

He looks at us.

"We can use magic to help her and make sure she doesn't have anymore nightmares I hope it works" Vesemir said.

Ciri looks at them.

"What do we do about her room Lambert was already in there hurting her we can't let him in there again she needs to sleep in her own room without having nightmares and him injuring her again she feels safe with Geralt though" Ciri said.

Everard, Gwain, Eskel and Merek agree.

"Ciri is right you can tell that Kara is scared she does feel safe with Geralt though" Everard, Gwain, Eskel and Merek said.

Lambert looks at them and me.

"I'm sorry I hurt her not really get ready little wolf more revenge is coming you can't stop me" Lambert said.

Coën looks at us,

"Lambert enough none of us will let you hurt her again especially Geralt" Coën said.

I look at them.

"Guys thank you for helping me they are right they won't let you hurt me you know your not sorry for hurting me you think it's fun just because I got hurt 3 times from those fucking Nilfgaardians well I won't let you hurt me again so fuck off and leave me alone" I said.

They look at me and smile.

"Your welcome glad we can help" Everard, Gwain, Eskel, Merek, Vesemier and Coën said.

Ciri hugs me but is worried as is Geralt. They know I can fight but also know that I am scared they will not let Lambert hurt me I won't let him hurt me either. Lambert and I get up from our seats, I grab a sword and walk over to where Lambert is he also has his sword we get ready to fight sword against sword.

"Oh come on little wolf is that all you got I thought you were tough and strong not a weak little werewolf" Lambert said.

I look at him.

"I'm not a little wolf I'm strong and tough just like Geralt I won't back down from this fight no matter what happens to me so fuck off and fuck you" I said.

We keep going with swords until he knocks mine out of my hand and kicks it over to the other side of the room. I keep fighting without a sword and kick him, he grabs me by my neck but I kick him in the groin letting go of me and run over to Geralt who protects me from him using Quen to stop him from hurting me with his blade.

"Oh really you think that will protect her from me trying to hurt her for what she did to me" Lambert said.

Everard, Gwain, Eskel, Merek, Coën and Vesemir finally get him to stop trying to hurt me Geralt picks me up and hugs me they all go to bed but Geralt let's me stay in his room where I was the first time I couldn't stay in my room. He hugs and kisses me goodnight.

"Goodnight Kara I'm proud of you if you ever need to talk I will be right here I love you so much" Geralt said.

I hug and kiss him goodnight.

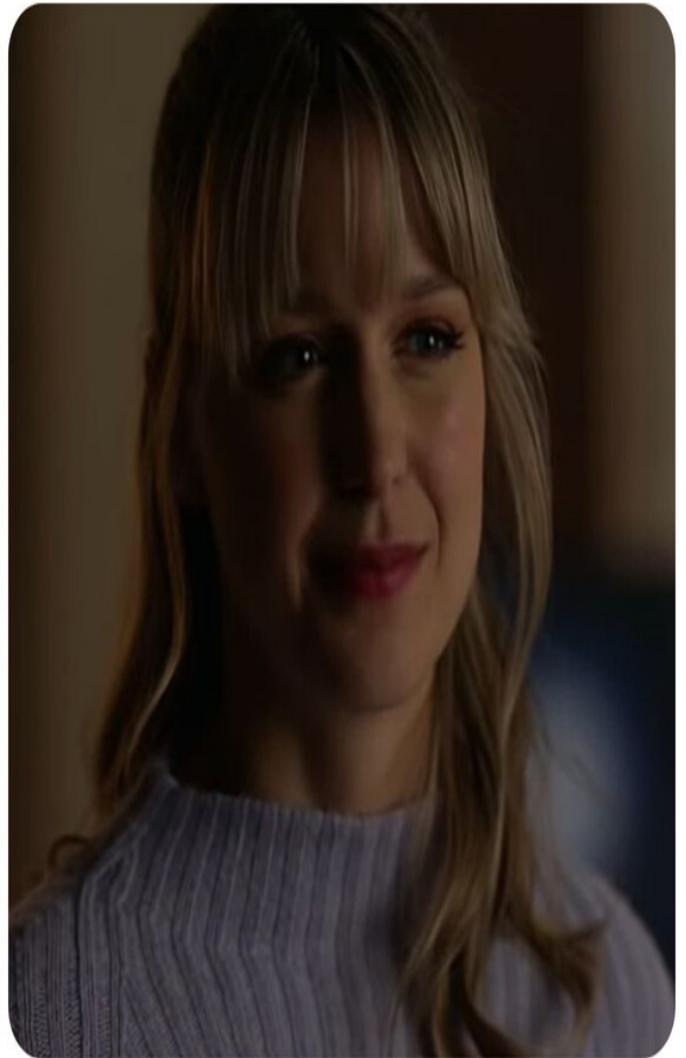

"Goodnight Geralt thank you for protecting me from Lambert I appreciate it I know where you will be when I need to talk love you so much too" I said.

We both fall asleep we all sleep through the night.

## Lambert's Plan Punishing Kara

### Chapter Summary

Kara is resting after the altercation that happened yesterday she is still scared because she knows Lambert doesn't like her she also knows he's going to make her his slave if she disobeys she gets punished meaning beat, cut, slit, stabbed hopefully not raped she has been through it 3 times it's going to be with her forever she doesn't need to go through it again if she does they will stop him and Geralt will protect her. Will Lambert do it? Will she be punished? Will Geralt protect her?

Once morning comes I wake up go across the hall to the bathroom, brush my teeth, and hair I often wear in a ponytail with long parted bangs, wear pale face makeup, peach eye shadow around my eyelids, under my eyebrows, above my cheekbones and wear red lipstick.

"I hope today is a better day for me than yesterday I do not want to deal with Lambert again" I said.

After I get my hair and makeup done, I walk into my room, to my closet, pick out my favorite outfit, gorgeous necklace Geralt bought me and comfortable shoes put them on, walk to the door opening it, walk into the dining hall where Ciri is sitting I have my food and drink I see Geralt walk in and sit next to me I hug him he hugs me back eats and drinks.

"Hey you look well rested and better than you did yesterday" Ciri said.

Geralt smiles at me.

"Let's hope today turns out better for you we are still worried about you" Geralt said.

I look at them.

"Thank you so much yeah me too remember when I told you the story where you found me the first time?" I said.

Vesemir, Gwain, Eskel, Everard, Merek, Coën, Ciri and Geralt look at me nodding their heads.

"Yeah we remember can we hear it again?" Vesemir said.

"Please tell us we would like to hear it again" Eskel and Gwain said.

Everard and Merek agree.

"We won't judge you" Everard and Merek said.

Coën and Lambert smile at me.

"Is there something that you left out?" Coën said.

"I bet you she didn't tell us the real reason why they did that to her three times" Lambert said.

I look at them, close my eyes, take a deep breath, open my eyes and start to tell them the real reason why Geralt found me in bad shape and why the guards raped me. They are waiting patiently for me to tell them which I'm ashamed of and still scared.

"The real reason they were chasing me is because I escaped from them I was their slave they were trying to kill me because I disobeyed them so what better way to punish me then to injure, cut, stab me with a crossbow arrow, a knife and sword it didn't stop there they decided to rip my clothes off and rape me that's what happened the first, second and third time they caught me" I said crying.

They all look shocked and speechless except Lambert I know what he is going to do I can't tell them because I will get hurt again I'm still healing from the wounds I sustained 4 times from the Nilfgaardians and Lambert.

"We are sorry that happened to you remember your safe here with us" Eskel, Gwain, Everard, Merek and Vesemir said.

Coën and Lambert agree.

"That never should have happened to you are you sure your ok?" Coën said.

"I think I know why she's still scared because she thinks that I'm going to treat her that way" Lambert said.

Ciri looks at him.

"Well you went into her room, opened her pajama shirt, cut her chest and neck threatened her, hand gagged her then fought and injured her" Ciri said.

Geralt holds me close looks at him then me.

"Ciri is right you did all of that to her we know you are going to do it she already went through it with the Nilfgaardians 3 times Kara we will make sure he doesn't do that to you but you need to fully recover and heal your still in bad shape not getting any better" Geralt said.

I look at him and smile.

"Thank you so much I know but it's hard to fully recover and heal when I have to deal with Lambert hurting me I will be fine in my room I'm really tired I need to rest" I said.

Geralt gets off the bench, picks me up, carries me in his arms, walks to my room, walks in, over to my bed, laying me on it, covers me up, kisses me and stays with me until I'm really asleep.

"Your welcome my little wolf I will check on you later to make sure your ok I know your scared we promise not to let him treat you like that we are a family he is an annoying brother if he treats you like that we will all be there especially me I would never let anything happen to you like you would with me" Geralt said.

I finally fall asleep he gets off my bed, walks to my door, walks out closing my door sees Ciri and has her come in my room to stay with me for a while she really loves me like I really love her I'm glad we are all a family I will protect both of them from everyone who wants to hurt them. Ciri is sitting next to me making sure I am calm and not scared.

"Don't worry Kara if he comes in, takes you and makes you his slave and pet I will get Geralt and he will help as will Vesemir" Ciri said.

Ciri kisses me on the cheek, walks to the door, opens it, walks out closing it looks around but doesn't see Lambert and goes to find Geralt hoping I will be ok they are worried about me and always will be. Gwain, Eskel, Everard, Merek, Coën, Vesemir, Ciri and Geralt are all talking about what to do.

"So what do we do about this I mean she is part of our family but we hate seeing her go through this when she went through it 3 times?" Gwain and Everard said.

"I don't know but we can't let Lambert do it to her again she needs to fully recover and heal if he does then we will be there and try to stop him" Merek and Coën said.

Eskel and Vesemir look at them.

"Yeah we all know that she is safer with Geralt she will be scared this is her home she deserves to be safe she's safer here than outside of these walls" Eskel and Vesemir said.

Ciri agrees.

'Yeah we found her out there twice it didn't look good we know she is a werewolf but she does not hurt the good guys Lambert is a Witcher but he really doesn't like her" Ciri said.

Geralt looks at them.

"We should ask him why he doesn't like Kara we have been friends since we were little I'm not giving up on her now she was scared when I first found her out there" Geralt said.

Meanwhile Lambert is in his room planning his revenge again coming up with a perfect one that I will not like at all it will not sit well with Geralt I belong with Ciri and Geralt not him he knows it he knows I'm not his but he will make sure I belong to him and never get to be with Geralt ever again he treats me better than Lambert does.

"Don't worry little one you will be my slave and pet if you disobey I will punish you and make sure you never get to be with Geralt you will belong to me" Lambert said.

Back in my room I'm still taking a long nap trying to fully recover and heal not sure what tonight and tomorrow will bring I just hope he doesn't come into my room and take me to his where he will make me do what he wants if I disobey he will cut and stab me then rape me when I'm in the dining hall he will cut me again I will stay strong.

"I have a bad feeling about this I need to tell Geralt what he said to me he won't be happy at all" I said.

Meanwhile back in the dining hall Lambert is sitting next to Coën while Eskel, Gwain, Everard, Merek and Vesemir sit at their table, Ciri sits next to Geralt hoping I am ok they are worried about me especially Geralt.

"Gwain, Eskel, Everard, Merek Lambert, Coën and I are worried about her we know she is healing and recovering but she should be out here with us enjoying some food" Vesemir said.

They look at him.

"Yeah she deserves to eat before we all go to bed" Gwain and Everard said.

"That's true she has nothing to worry about" Eskel and Merek said.

Coën and Lambert agree.

"We are a family we are brothers to her she shouldn't be afraid" Coën said.

"Hmm maybe she is afraid because she knows what I will do to her when you are all sleeping" Lambert said.

Ciri and Geralt are worried about me and hope I come out to eat dinner before going to bed for the night I know they are worried but they know Lambert will hurt me. They reassure themselves I will be ok.

"I know she will be out soon she just woke up and has to wash up before eating" Ciri said.

Geralt looks at Lambert then Ciri.

"We want to know why you don't like Kara she shouldn't have to be afraid of you but she is ever since we found her and brought her here after the trauma she went through 3 times your right she must be hungry?" Geralt said.

He looks at him.

"I will tell you why the reason I don't like her is because she thinks she's special she's a werewolf who doesn't belong here with us Ciri belongs here she doesn't I think it's funny that she got punished 3 times because she disobeyed them if she disobeys me I will punish her too" Lambert said.

I get out of bed, wash my face and hands, walk to the door, open it walk out, head down the hall, walk into the dining hall see Ciri and Geralt, walk over to the table sitting next to Geralt staying close to him they know I am shaking badly and scared he tries to calm me down I only eat a little but I empty my cup.

"Sorry about that I guess I needed that long nap I'm still tired but I will be fine I'm just going to ignore him I won't let him get to me I promise" I said.

Ciri and Geralt smile at me.

"It's ok we all know you needed that long nap after everything happened to you we can put you to bed you can tell me anything" Ciri said.

"That's a good idea he is an annoying brother after all promise me that if he treats you like the Nilfgaardians did let Ciri know and she will tell me" Geralt said.

Ciri, Geralt and I head to our rooms he walks in, he lays me in bed, covers me up kissing me goodnight.

"Good night Kara if something bad happens let Ciri know then I can help you if you need to talk come find me love you so much" Geralt said.

I hug and kiss him goodnight.

"Night Geralt I will let Ciri know I know where you will be when I need to talk to you love you so much too" I said.

Geralt walks out of my room, closes my door, walks with Ciri to their rooms they talk before they go to sleep.

"I'm worried about her I can't believe Lambert told us why he doesn't like her she belongs here with us even if she is a werewolf we are her family" Geralt said.

Ciri looks at him.

"Yeah now we know why he hates her I will let you know what's bothering her me you and her are connected" Ciri said.

Geralt looks at her.

"We are connected we will protect her like she is protecting us I will make sure he doesn't treat her like those Nilfgaardians did" Geralt said.

They walk into their rooms, close their doors, get ready for bed, get into bed and fall asleep through the night. Lambert walks quietly to my room, opens the door, walks in over to my bed, picks me up, carrying me in his arms walks out of my room, heads to his where he lays me on the bed he pulls my pants and undies down enters going fast and slow then stops.

"That was great now tomorrow you will be my slave and pet and do what I say if you disobey I will punish you and give you the same treatment those Nilfgaardians gave you" Lambert said.

I look at him tiredly.

"I will not let you treat me like those Nilfgaardians did you will be in trouble when Geralt finds out I am connected to him he will protect me I don't belong to you" I said tiredly.

Lambert gets a rag and drugged me into unconsciousness. I'm just laying on the floor he pulled my undies and pants back up, gets into bed and falls asleep.

# Lambert's Slave and Pet

## Chapter Summary

Kara is trying to recover after what happened to her today what she doesn't know is that Lambert is still going to punish her but this time as his slave and pet. When she disobeys he's going to punish her again making it worse than the first and second time. He's going to give her bruises, leash marks, cuts and maybe force her to marry him which will not happen if she has anything to say about it. Will he treat her like a slave, pet and punish her badly? Will he force her to marry him? Will she not go through with it? Will Geralt help?

Once morning comes I wake up go across the hall to the bathroom, brush my teeth, and hair I often wear in a ponytail with long parted bangs, wear pale face makeup, peach eye shadow around my eyelids, under my eyebrows, above my cheekbones and wear red lipstick.

"Lambert better not make me his slave, pet and punish me when I disobey Geralt has a right to know" I said.

After I get my hair and makeup done, I walk into my room, to my closet, pick out my favorite outfit, gorgeous necklace Geralt bought me and comfortable shoes put them on and relax for a while not realizing Lambert is in my room, sneaks up behind me drugs me into unconsciousness, carries me to his room and makes sure I'm ready to be his slave and pet get punished if I disobey.

"Ok little wolf when we walk into the dining hall your going to sit next to me even though Ciri and Geralt want you to sit with them so they can talk to you" Lambert said.

Lambert walks out of his room with me still out, we walk into the dining hall he has me sit down next to him Coen is sitting on the other side of him Ciri and Geralt see me sitting next to him I rub my eyes trying to see clearly I see them and smile, I get up, start walking slowly to the table finally get there and sit next to Geralt staying close to him.

"Morning are you sure your ok because you don't look like you are?" Ciri said.

"She's right can you tell us what happened and why your so drowsy?" Geralt said.

I look at them.

"Morning to you too I'm fine no worries last night I was in my room sleeping next thing I know I'm in Lambert's room sleeping on the floor then back in his room before coming in here to eat and talk to you I don't remember I guess he drugged me into unconsciousness twice that's why I don't remember" I said.

They are all angry but Ciri and Geralt try to get me to wake up Vesemir walks over to our table and helps me finally wake up I still stay close to Geralt Lambert gets up, walks over to our table, and tries to pull me away from Geralt but I won't move he gets so angry that he ends up hurting me.

"Oh little wolf since you disobeyed me you have to be punished it won't end well for you just like last night when I brought you to my room and punished you" Lambert said.

Vesemir looks at him.

"What punishment did you give her last night when she was in your room sleeping on the floor?" Vesemir said.

Coen looks at them.

"Lambert tell me you didn't rape her when she was unconscious in your room last night" Coen said.

He looks at him and nods his head Geralt is still trying to keep me with him but Lambert pulls me making me fall on the floor dragging me out of the dining hall so I can be punished again. I kick him so hard that he let's go I crawl but he picks me up by my neck pinning me to the wall takes his sword and stabs me in the stomach deeply.

I look at him.

"I can't believe you did that to me especially last night and today now let me go, I'm not your slave and pet stop treating me like those fucking Nilfgaardians did leave me alone go fuck yourself" I spat.

Lambert throws me to the floor, cuts my face with his blade drags me back to his room so I can be punished we get back to his room he ties my hands behind my back, gags me, lays on top of me enters going fast and slow, carries me out of his room back to the dining hall decides to tie me to the medallion tree leaves me gagged, unconscious and continues to punish me badly.

"Sorry Geralt she's not going back to you she belongs to me and will stay with me as my slave and pet none of you can take her from me" Lambert said.

Gwain, Eskel, Everard, Merek, Vesemir, Coen, Ciri and Geralt all look at him and are angry they try to get him to release me but he just keeps going with the punishment taking his sword and blade cutting me more cause he can't stab me again he already did it deeply.

"This is not how you treat her she doesn't deserve to be treated like this since she has been through it 3 times with those Nilfgaardians your just making it worse" Gwain and Merek said.

"Yeah she doesn't belong to you she belongs with Ciri and Geralt now she's going to have to heal from this again" Eskel, and Everard said.

Vesemir and Coen look at him.

"You need to stop punishing her look how bad she is she's going to take longer to heal and recover" Vesemir and Coen said.

Ciri looks at them and me.

"We have to keep him away from her look at how bad she is your the only one who can protect her use your force field to keep her from Lambert so we can help" Ciri said.

Geralt gets up from the table, walks over to the medallion tree, stands in front of me using YRDN to keep him away from me until the others subdue him. Once he is taken away Geralt frees me, and holds me close to him Ciri and him walk to his room, walk in lay me on his bed and handles my injuries.

"Kara I'm sorry this shouldn't have happened to you again now you have to heal from this too this is the sixth time it happened your safer with me" Geralt said.

I open my eyes and smile at him.

"It's not your fault we all knew he was going to do this now I will relive this I didn't want it to happen again but it did actually 3 times from those Nilfgaardians and 2 times with Lambert" I said crying.

Ciri looks at me, cleans my face and puts pressure on the wound so she can bandage my stomach she gets some gauze wrapping it around my stomach more than once when she is done she hugs me and makes sure I'm ok as does Geralt.

"Are you saying that he raped you twice once last night in his room and the second time he dragged you to his room before bringing you back into the dining hall?" Ciri said.

I look at her.

"Yeah that's what he did I know it's going to be with me forever just like the Nilfgaardians did it to me 3 times" I said.

Geralt looks at us.

"We know your a werewolf but your also human just like us he has no right to treat you like a slave or a pet we will keep you safe" Geralt said.

Ciri and Geralt walk out of his room to go look for Vesemir so they can talk and tell him what I told them while they go look for him Lambert looks around to make sure none of the others are there he leaves his room, walks down the hall to Geralt's room but doesn't see me he walks back to his room I make a run for it, open the door and stay outside.

"Oh Kara where are you I'm not done with you yet after I punish you as my pet I'm going to force you to marry me whether you like it or not" Lambert said.

Meanwhile Ciri and Geralt find Vesemir in the lab and talk to him he has them sit down so they can talk. They know what Lambert is going to do but they don't know the other part where he forces me to marry him which I will never do.

"Ciri, Geralt what's wrong you both don't look happy?" Vesemir said.

Ciri looks at him.

"We know Lambert raped her twice we also know that he isn't done with her yet meaning making her his pet she is a werewolf but she's also human and doesn't deserve this at all she deserves to be safe with Geralt" Ciri said.

Geralt agrees.

"We have to figure out how to keep her safe I also know she has something on her mind that she didn't tell us that involves Lambert and her which she's not happy about she deserves to live her life the way we and her want to not be stuck with Lambert her and I are soul mates ever since we were kids" Geralt said.

Vesemir is shocked but also agrees.

"Let's all come up with a way to figure out how to help her I think you should find out what's on her mind because if she doesn't tell you then he will" Vesemir said.

Back outside I'm taking care of Roach brushing and feeding her since she was hungry I give her an apple to eat. Lambert finally makes it outside but he doesn't see me I try to walk past him quietly but he spots me, puts a collar and leash on me walking me back inside to his room so I can be punished again.

"Oh no I'm not your pet you can't treat me like a pet I'm human as are you there is no way in fucking hell your forcing me to marry you I'm going to live my life the way Geralt and I want me to I'm not going to be stuck with you" I spat.

He walks to his room, dragging me behind him we get inside his room, he closes the door, takes the leash and collar off, he hits me in the face with the leash giving me bruises then he cuts my face, leg, and half of my neck with his sword he puts the collar on choking me so it will bruise too. He then enters going fast and slow then stops.

"Wait until they hear the news I have for them you and Geralt are not going to be happy besides when they see you with a collar you take it off and try to run I will use the leash to hit you in the back and wrap it around your neck choking you won't be able to talk because you will be silent" Lambert said.

I growl at him.

"That is not going to happen you can't keep me quiet I deserve to talk and cuss you out you already gagged me once never again I'm going to tell him you raped me again" I growled louder.

Back in the dining hall Vesemir, Eskel, Gwain, Everard, Coen, Ciri and Geralt are sitting down talking wondering where we are and hope nothing is wrong. They are all worried especially Geralt my soul mate.

"I wonder where Lambert and Kara are it's not like them to be late?" Gwain and Everard said.

"Yeah I'm sure they will be here soon" Eskel and Coën said.

Vesemir looks at them.

"I really hope she is ok she's human she doesn't deserve to be his pet she was already his slave and look what happened to her" Vesemir said.

Ciri agrees.

"Yeah me too although she has something on her mind she looks scared again" Ciri said.

Geralt is worried and angry.

"Kara please be ok I'm worried about you and will protect you also keep you safe" Geralt said.

Lambert walks into the dining hall dragging me behind him they see him with the leash in his hand he pulls me next to him where they see me bloody, cuts and bruises they see the collar around my neck he takes the leash off, I use my claw to unlock the collar and throw it at him I run but he takes the leash hitting me in the back a few times.

"Sorry little wolf I'm going to do it so your silent when I tell them the news none of them will be happy especially Geralt" Lambert said.

I look at him.

"Only Geralt can call me little wolf no you won't I will not let you do it I can talk and cuss you out" I said.

He keeps hitting me in the back making sure I get bruises and leash marks he wraps it around my neck pulling me back to him but he ends up throwing me into the medallion tree where I spit out blood on the floor he ties me to the tree and looks at them.

"Everyone I have some exciting news that none of you will be happy about especially Geralt and Kara" Lambert said.

They look at him.

"What exciting news do you have?" Gwain and Everard said.

"Yeah why did you say Geralt and Kara won't be happy?" Eskel and Merek said.

Vesemir and Coën look at him.

"Please tell us because we need to check her injuries she's going to take longer to heal" Vesemir said.

"I hope it's not what I'm thinking" Coën said.

He smiles at them.

"Since I found her outside brushing and feeding Roach an apple she thought she could run from me but I put a collar and leash around her neck and punished her again all those cuts, leash marks and bruises you see are her punishment now the wonderful news I have also as her punishment is that I am going to force her to marry me" Lambert said.

Ciri looks at him.

"I can't believe you treated her as a pet and punished her again she doesn't deserve this she deserves to live her life the way we and her want to not be stuck with you forever your treating her like the Nilfgaardians did when we found her" Ciri said.

I look at him and growl.

"There is no way I'm fucking marrying you so leave me alone and go fuck yourself you don't deserve to be a Witcher they don't treat me like you do" I yelled.

He looks at me.

"Oh really it will happen just wait and see now be quiet" Lambert commanded.

He beats me in the face with the leash again and gags me so I'm silent. They all get angry and walk over to him trying to detain him again. Ciri and Geralt try to go over to me but can't so Vesemir walks over to them and start walking over to me I'm crying harder silently and hope they can free me and check all of my injuries.

Geralt looks at me.

"Don't worry my little wolf we will get you checked out I want to see how bad you look thank you for brushing and feeding Roach your not going to marry him your going to stay with me in my room where Ciri and I will take care of you then I will keep you calm" Geralt said.

Ciri and Geralt free me he carries me in his arms to his room, we walk in, Ciri looks at my back and sees how bad it is she wraps my back, leg, and neck in bandages but she cleans my face except where I got hit just like Geralt so it stays she tries to cool the bruising down he lays me on his bed and sits next to me wiping my tears away.

"Wow those are really bad injuries you have it will take days for you to fully heal and recover" Ciri said.

I look at them.

"Your welcome glad I could brush and feed her he dragged me to his room, beat, and cut me then raped me again I will never get over that from the Nilfgaardians and him 3 times please don't let me marry him I don't belong to him I rather stay with you we are soul mates" I said.

He looks at me.

"We will make sure he doesn't hurt you again we won't let you marry him I promise do you want Ciri to stay with you while I get Vesemir so he can help" Geralt said.

I look at him and nod, he walks to his door, opens it walks out and goes to find Vesemir so he can check on me and help. Ciri stays with me to keep me calm. Vesemir sees Geralt and walks with him to his room so he can help.

"What can I do for you?" Vesemir said.

He smiles at him.

"We need you to help Kara she's really scared and doesn't want to marry Lambert he went too far he raped her again she's never going to get over it" Geralt said.

Vesemir and Geralt walk to his room so they can help and check on me. Back in Geralt's room Ciri is trying to keep me calm but it's not working she's worried about me.

"Please don't hurt me I have been through it a lot I deserve to be safe and happy with Geralt not you" I said.

Ciri is trying to keep me calm and hopes they are on their way.

"Kara it's ok Lambert isn't here he's confined to his room he will never hurt you again Vesemir, Geralt where are you" Ciri said.

Vesemir and Geralt finally make it to his room he opens the door, they walk in over to me I wake up fast, see Geralt sitting next to me holding me close.

"Hey Ciri what's wrong?" Vesemir said.

She looks at him.

"When Geralt went to find you she was freaking out I told her Lambert is not here" Ciri said.

Geralt calms me down.

"Easy my little wolf I'm here I promise you don't have to worry about him or marry him I just want you to be safe with me and Ciri" Geralt said.

Vesemir sits next to Geralt so he can check my injuries and help me. He notices that I am shaking badly and sees the wounds that are bleeding again. He touches my back which makes me wince in pain he tries to take my pain away.

"It's ok Kara just relax I'm going to try to take your pain away so you can lay on your back using AARD it might sting a lot but Geralt will keep you calm" Vesemir said.

He uses AARD on my back to make the pain go away so I can lay on my back. Geralt keeps me calm where I finally fall asleep he lays me near the wall and covers me up he smiles and notices that I am calm.

"So how do we keep her from marrying him because he is going to try?" Geralt said.

Vesemir looks at us.

"That's easy have Coen stay with him to make sure he doesn't leave his room and have you stay with Kara she needs you right now" Vesemir said.

Ciri agrees.

"Do you want me to stay in here with you or can you take care of her?" Ciri said.

Geralt smiles.

"You go get some sleep I can take care of her I'm not letting her out of my sight" Geralt said.

Vesemir and Ciri walk out and head to their rooms for the night. They get into their rooms, close their doors, get into bed and fall asleep. Coën stays in Lambert's room making sure he doesn't leave try to take me from Geralt and marry me. He kisses me goodnight.

"Goodnight my little wolf your finally safe with me if you need to talk you know where I will be love you so much" Geralt said.

I hug and kiss him back.

"Night Geralt thank you so much for protecting me I know where you will be when I need to talk love you so much too" I said.

We all fall asleep through the night.

"I hope Lambert will leave me alone and not force me to marry him" I said.

After I get my hair and makeup done, I walk into my room, to my closet, pick out my favorite outfit, gorgeous necklace Geralt bought me and comfortable shoes put them on walk to the door opening it, walk into the dining hall where Ciri is sitting I have my food and drink I see Geralt walk in and sit next to me I hug him he hugs me back eats and drinks.

"I see you slept well since you were with Geralt but you still look terrible and your wounds haven't healed is something bothering you?" Ciri said.

"She's right your wounds are getting worse you haven't healed and your still scared you can tell us we will help" Geralt said.

I look at them.

"Yeah I did I know I look terrible and know they are getting worse and haven't healed I guess I am because we know Lambert still isn't done with me I have a bad feeling today is going to be worse for me" I said.

Gwain, Everard, Eskel, Merek and Vesemir are sitting at their table talking, eating and drinking not knowing something bad is going to happen to me today they know I am still scared and my wounds haven't healed.

"I see she is still scared and her wounds haven't healed" Eskel and Gwain said.

"Yeah she also looks worried and knows something will happen" Everard said.

Merek and Vesemir look at them.

"It's going to take days for her to fully recover and heal she will always be scared" Merek said.

"I know but we have to try to keep Lambert away from her who know what he has planned" Vesemir said.

Coen and Lambert walk in and sit at the table with Gwain, Eskel, Everard, Merek and Vesemir they are talking but they see me shaking badly again and know something is wrong.

"Lambert you need to leave Kara alone she's still healing and recovering from the injuries you gave her I know what your planning it's not going to sit well with Geralt and Kara" Coen said.

He looks at him.

"I can't do that yeah I'm planning it oh well he can get mad all he wants she will belong to me and be my wife" Lambert said.

I get up from the table, stretch, and hug Ciri and Geralt they hug me back Lambert gets up and walks out of the dining hall to his room to get ready when he drags me to his room he will put the dress on me and take me to the chapel where we will get married Vesemir will marry us. I start walking to my room but look at them and smile.

"Oh my god it's really going to happen I hope Geralt is there so he can see me say no and run to him" I said.

Lambert finally gets ready, walks back to the dining hall, walks behind me hand-gags me carrying me to his room kicking and muffled screaming.

"Mmmph" I muffle scream.

We finally arrive in his room, he forces me to put the wedding dress on and uses his blade to stab me in the stomach deeply again so he can marry me which I hate.

"Oh look she's ready to get married" Lambert said.

I look at him.

"There is no way in hell I'm marrying you so you can forget it I'm leaving" I said.

Gwain, Everard, Eskel, Merek, Coen and Ciri are sitting Geralt is standing waiting for me to run to him. Lambert takes my hand, we walk to the chapel, walk down the aisle where Vesemir is waiting to marry us. We stand in front of him. I really want to run to Geralt. Vesemir clears his throat and talks.

"We are gathered here today to join this lovely couple in holy matrimony if anyone has anything to say speak now or forever hold your peace" Vesemir said.

I try to say something but, Lambert covers my mouth with his hand to keep me from speaking. I'm shaking badly trying not to yell. Lambert and Vesemir smile at me. He keeps going.

"Lambert do you take Kara Danvers to be your lawful wedded wife to honor, cherish, to love forever in sickness and in health till death do you part." Vesemir said.

Lambert turned to me and stared into my petrified face.

"I do" he said.

Still looking at one another, Vesemir continued.

"Kara Danvers, do you take Lambert to be your lawful wedded husband to honor, cherish, to love forever in sickness and in health till death do you part." Vesemir said.

Choking back to keep from crying I think back to when I first reunited with Geralt, moved into Kaer Morhen where I am happy with my Witcher family.

"I don't and never will" I said.

Lambert takes his sword and slashes my leg badly I limp all the way over to Geralt who grabs my hand, picks me up and holds me close to him he notices my stomach and leg are bleeding badly and knows I will pass out soon.

"I'm proud of you my little wolf your not married to him because you said I don't now you can rest" Geralt said.

I smile at him.

"Thank you so much I'm glad I didn't say it I love you so much" I said.

I finally pass out from the blood I lost from my stomach and leg Geralt, walks out fast with Vesemir and Ciri heading to his room getting the first aid-kit so they can bandage my stomach and

leg then let me rest. They bring me to his room, lay me on his bed, Vesemir wraps my stomach, Ciri wraps my leg Geralt keeps me calm and helps with the pain.

"Kara we are going to let you rest so you can start to recover and heal if Lambert comes in here and hurts you Ciri will let us know we will get him out" Vesemir said.

Vesemir and Ciri finish bandaging my stomach and leg making sure they aren't too tight. He walks out and sits in the dining hall Ciri hugs and kisses me making sure I'm ok.

"Yeah if he is in here slashes your other leg and tries to hurt you we will come in here and help you making sure you fully recover and heal" Ciri said.

Geralt takes the wedding dress off throwing it out, kisses me and makes sure I'm ok and not in pain.

"If we come in here and you're not here then we will come to his room and bring you back to my room so you can rest Ciri will stay with you" Geralt said.

Ciri and Geralt walk out the door, close it and head into the dining hall sitting with Vesemir talking making sure that I don't get injured again. Gwain, Everard and Merek head to the training room to train. Coen and Lambert walk into the dining hall and sit at the table where Vesemir, Ciri and Geralt are.

"This is the time she needs to fully heal and recover if she gets injured anymore it will take days for her to fully recover" Vesemir said.

Coen looks at him.

"How is she doing after this happened to her I knew she would say no but when she got injured it really hurt me" Coen said.

Ciri smiles.

"She's resting right now she needs to be alone so she can begin to recover and heal injuring her again as punishment won't help her heal at all she wants to be safe" Ciri said.

Lambert looks at them.

"I can't believe I forced her to marry me just so she can say I don't and never will that's why I slashed her leg it's her punishment I can slash her other leg where she won't be able to walk she will just limp or crawl like werewolves do" Lambert said.

Geralt looks at him.

"I'm glad she said I don't and never will you can't punish her for turning you down and attacking you we are her family you don't treat her badly she's here to be safe but you always have to punish her because she attacked you the first time you upset and made her angry just leave her alone let her recover and heal" Geralt said.

Back in his room I'm resting trying to keep from crying out in pain my leg hurts real badly. Lambert gets off his bench and walks out of the dining hall to the rooms so he can injure my other leg as punishment Ciri follows him past my room to Geralt's room he opens the door, walks in, over to the bed sees me laying there, he decides to pick me up.

"Come on little wolf we are going to my room so you can be severely punished for that stunt you just pulled" Lambert said.

He carries me in his arms, walks, out the door, down the hall to his room, walks in closing the door, lays me on his bed starts to get rough I open my eyes and see Lambert getting rough trying to stop him from injuring me again.

"Why are you punishing me I told you I didn't want to marry you so I walked away you didn't have to slash my leg badly now let me go I do not belong in your room" I said.

He smiles at me.

"Sorry Kara I have to do this when they find you it will take them a while to handle your injuries meaning your other leg so you will have to crawl oh this is still your punishment" Lambert said.

Lambert gets some rope tying me to the bed spread eagle gags me, slashes my other leg badly enters going fast and slow Meanwhile Ciri heard everything and runs to the dining hall where she sees Coen, Vesemir and Geralt they know that look on her face.

I look at him.

"Mmmpho! mmmphht mmmphn't" I muffle whimper.

They try to calm her down.

"Ciri what's wrong is Kara still resting?" Vesemir said.

Ciri looks at him.

"She was but she isn't there now Lambert walked in, picked her up, carried her to his room to severely punish her for walking away from him when he wanted her to marry him he slashed her other leg badly but he didn't stop there I know he has her tied to his bed, gagged and is raping her again" Ciri said.

Vesemir, Coen, Ciri and Geralt all head out of the dining hall past our rooms, to Lambert's room, opens the door, walks in Vesemir and Coen grab him while Ciri pulls my undies and pants back up while Geralt cuts the rope and takes the tape off my mouth Ciri bandages my other leg, Geralt picks me up carrying me in his arms holding me close.

"All right Lambert what were you thinking taking Kara to your room so you can punish her she's supposed to be healing and recovering not getting hurt again" Coen said.

Geralt looks at me and sees I'm still in a lot of pain.

"It's ok my little wolf he won't punish you anymore your going to stay in my room with me then stay with Ciri and me in the dining hall you need to fully heal and recover we will help you don't worry" Geralt said.

I look at him.

"Thank you so much I won't be able to walk I will crawl like wolves do I just want to be safe with you and not get punished again" I said.

Coën and Vesemir stay with Lambert while Ciri and Geralt take me to his room they walk into his room, he lays me on his bed and stays with me he lays next to my while Ciri lays at the end of the bed. He hugs and kisses me goodnight.

"Your welcome my little wolf you can crawl then limp but we will help you out don't worry you are safe with me they will keep him away from you I love you so much as does Ciri she's in here with us" Geralt said.

I hug and kiss him goodnight.

"Night Geralt I feel safer with you and don't want to deal with Lambert ever again I love you so much too" I said.

We all sleep through the night.

# Welcome Home Kara your Finally Safe

## Chapter Summary

Kara gets ready for the day she limps into the dining hall looking at the medallions on the medallion tree knowing that they are gone she's glad that Vesemir, Merek, Everard, Eskel, Gwain, Coën, Lambert and Geralt aren't gone she keeps looking at the tree touching them that she doesn't notice Lambert standing behind her with some rope he drugs her into unconsciousness, ties her to the tree, gags her and uses his sword to try to slit her neck. Will Geralt get to her? Will she be safe?

Once morning comes I wake up go across the hall to the bathroom, brush my teeth, and hair I often wear in a ponytail with long parted bangs, wear pale face makeup, peach eye shadow around my eyelids, under my eyebrows, above my cheekbones and wear red lipstick.

"I really don't want to deal with Lambert again I just want to fully recover and heal" I said.

After I get my hair and makeup done, I walk into my room, to my closet, pick out my favorite outfit, gorgeous necklace Geralt bought me and comfortable shoes put them on walk to the door opening it, limp into the dining hall where the medallion tree is looking at all the medallions from the Witchers that were gone I touch the medallions but don't notice Lambert behind me.

"Hello Kara we are the only ones here time to be punished again" Lambert said.

I just keep touching the medallions without looking at him.

"You have punished me enough it ends now" I said growling at him.

Lambert uses a rag, putting it over my nose and mouth, drugging me into unconsciousness, lays me on the floor in front of the tree tying me to it, gags me with duct tape and beats me a lot. I have

bruises, cuts, gashes and a black eye my legs are hurting badly he takes some rope wrapping it around my neck tying it to the tree hoping it leaves rope burns and marks.

"If you get free I will drug you into unconsciousness, take you back outside of Cintra tie you to the tree gag you with duct tape and leave you there so the Nilfgaardians can have fun punishing you Geralt will never miss or rescue you they will keep you prisoner and never let you come home you will never be safe" Lambert said.

Lambert sits at the table Coën, Gwain, Everard, Merek, Eskel and Vesemir sit at the table talking, eating and drinking. Ciri and Geralt walk in, sit at their table talking eating and drinking they are worried about me especially Geralt.

"Morning everyone what are your plans for today?" Coën and Lambert said.

"We are going to train again" Gwain and Everard said.

"Eskel and I are going to watch them train then train with them" Merek and Eskel said.

Vesemir looks at them.

"I'm just going to relax with Ciri and make sure everything is fine" Vesemir said.

Ciri and Geralt look around but don't see me they are worried.

"Um has anyone seen Kara I know she was awake because we didn't see her sleeping she always gets up early before us?" Ciri said.

"I really hope she is ok she's supposed to be fully recovering and healing after what happened to her with Lambert I know she's scared" Geralt said.

Lambert looks at them.

"Oh you mean the little werewolf that is injured badly she's in here somewhere but later she won't be" Lambert said.

Vesemir answers him.

"What do you mean she won't be here later what are you up to?" Vesemir said.

Coën looks at him.

"I think he has something planned for her later" Coën said.

Ciri and Geralt get up from the table, walk past the other table and run over to the medallion tree where I am trying to get me to wake up. Ciri takes the duct tape off my mouth and the rope around my neck while Geralt cuts the rope that has me secured he picks me up, carrying me to his room Ciri is walking with him he lays me on his bed.

"Come on sweetie please wake up" Ciri said.

She bandages my neck, cleans the bruises and cuts and puts ice on my black eye Geralt is sitting next to me keeping me calm he knows something is wrong.

"My little wolf we need you to wake up we know something is wrong" Geralt said.

I finally open my eyes, take the ice off, sit up and hug them.

"Do you have a notebook and pencil so I can write it down that way Vesemir and you can read it I just want to fully recover and heal" I said.

Ciri hands me a notebook I write down Lambert will drug me into unconsciousness, take me back outside of Cintra tie me to the tree gag me with duct tape and leave me there so the Nilfgaardians can have fun punishing me you will never miss or rescue me they will keep me prisoner and never let me come home I will never be safe I give it to him.

"We will let you rest and recover we will make sure he reads this as will we don't worry whatever happens we will be there for you" Ciri said.

He kisses me and stays with me until I fall asleep. Once I am asleep him and Ciri walk out of his room, close the door and walk back into the dining hall sitting at the table with Vesemir, Eskel, Merek, Gwain and Everard all head to the training room to train and watch, Coen heads to his room to relax while Lambert gets ready to plan his next move.

"We need you to read this we didn't want to until we are ready we know she is scared she just wants to fully recover and heal" Geralt said.

He looks at them.

"We will read it together but we have to figure out how to help her let's go to the lab" Vesemir said.

Vesemir, Ciri and Geralt get off the bench, walk out of the dining hall and head to the lab so they can read what I wrote and figure out how to help me this is my home I don't want to get hurt or raped by those Nilfgaardians again it will be with me forever. Lambert walks to Geralt's room, opens the door walks in, picks me up and carries me out.

"It's time to go back home where you belong I will tell them to punish you like I did minus the injuries" Lambert said.

I open my eyes and look at him angrily.

"That is not my home and you know it your just trying to get rid of me because you hate me Geralt won't be happy when he finds out where you have taken me" I yelled.

Lambert drugs me into unconsciousness, walks out the door gets on his horse, rides to the spot outside of Cintra with me we finally get there Dilvyn, Drugan and the others grab me and take me to another spot, Lambert gets off his horse, and walks over to them talking to them. He ties me to a tree and gags me with duct tape.

"Well look who came back the little werewolf that we punished 3 times" Drugan said.

"Yeah she's going to get punished more thank you for bringing her back home where she belongs I can't believe you beat her real good she will take longer to heal" Dilvyn said.

Lambert looks at them.

"Since she is already injured you don't have to hurt her I did the easy work for you just have fun with her she will be out for a while" Lambert said.

Lambert gets back on his horse and rides back home to Kaer Morhen where he will finally be rid of me forever until Geralt brings me back home where I belong and will be safe. He finally makes it back, gets off his horse, walks to the door opening it, walks in and sits at the table relaxing with Coen they get to talking.

"Hey you got back here fast and look happy want to go watch them train" Coen said.

He smiles at him.

"I did and I am happy yeah let's go watch them train" Lambert said.

Coen and Lambert go to where the others are and watch them train. Back in the lab Vesemir, Ciri and Geralt sit down and read what I wrote in the notebook they are angry Geralt gets up, walks out of the lab followed by Ciri and Vesemir. Meanwhile outside of Cintra Dilvyn, Drugan and the others are having fun with me like 3 times this is the 6th time.

"Where are you going?" Vesemir said.

"We will be here when you get back please bring her back home she deserves to be safe" Ciri said.

Geralt looks at them.

"I'm going to get her and bring her back home then somehow deal with Lambert don't worry Ciri I will bring her back so she can be safe" Geralt said.

Geralt walks out the door, gets on Roach and rides all the way where he found me more times than I can count. Back outside of Cintra they are having fun with me Dilvyn rapes me more than the others do but I finally open my eyes, and see Dilvyn raping me I kick him off me, use my claws, to break the rope and take the duct tape off.

"Aw is the little werewolf trying to escape too bad you won't be able to" Dilvyn said.

"Yeah no one is going to save you belong to us" Drugan said.

I pull my undies and pants back up and start to walk away but Drugan and Dilvyn grab me by my legs and arms carrying me back to the spot. I howl really loud hoping Geralt hears me and comes to bring me back home where i belong. Geralt hears my loud howl and rides really fast he finally gets here, gets off Roach and attacks them.

"I knew you would hear my loud howl I'm ready to go back home so I can fully recover and heal I'm safer there with you than here with them Dilvyn raped me again I'm never getting over it what are you going to do to Lambert because he had this planned?" I said.

He smiles at me.

"It's a good thing I did let's get you back home so you can recover and heal I know your safer there than here that's the 6th time it will be with you forever we will think of something we read what you wrote in the notebook he had no right doing it" Geralt said.

Geralt picks me up, lays me on Roach, gets on and rides back to Kaer Morhen really fast before it gets dark we finally arrive back home he, gets off Roach, picks me up, carrying me in his arms, opens the door, walks in with me sees Vesemir and Ciri they walk with him to his room where he lays me on his bed he makes sure I'm ok Ciri hugs me.

"Welcome home Kara we missed you" Ciri said.

Vesemir hugs me as well.

"We will deal with Lambert while Ciri stays with you until Geralt comes back your safe we will not let Lambert ever touch or hurt you again your finally back home" Vesemir said.

Geralt hugs and kisses me.

"I will be right back my little wolf it won't take long for me to deal with Lambert I will make sure of it" Geralt said.

I look at them.

"Thank you missed you too he will try no matter what I have to fully recover and heal please be careful I don't want you to get hurt it will be my fault" I said.

Vesemir and Geralt walk out of his room, into the dining hall sitting down waiting for Lambert to come in so they can eat and drink then deal with him. Everard, Eskel, Gwain, Merek, Coen and Lambert finally come in to sit down and eat. Vesemir walks over to the table sitting down Geralt sits down as well they aren't happy with him.

"Oh hey Vesemir, Geralt what's going on?" Everard and Eskel said.

"Yeah you both don't look happy?" Gwain and Merek said.

Coen and Lambert look at them.

"Oh looks like someone is in trouble" Coen said.

"Uh what can I do for both of you?" Lambert said.

Vesemir looks at him.

"Hey everyone it seems someone did a very bad thing that we aren't happy about" Vesemir said.

Geralt looks at Lambert.

"What gave you the right to kidnap Kara and bring her back to the Nilfgaardians where they punished and raped her again this is her home she is safe here especially with me we won't let you ever touch, hurt, kidnap her and take her back there ever again" Geralt said.

They look at him and read my notebook.

"That's what you were planning she's family you don't treat her badly" Vesemir, Gwain, Merek, Eskel Everard and Coen said.

Lambert looks at him.

"Like I said she doesn't belong here she belongs with them I'm not sorry for doing it" Lambert said.

Geralt gets up and fights him knocking him out Coen helps him up and walks to his room to stay with him while the others go to their rooms. Vesemir heads to his room and relaxes Geralt walks back to his room walks in closes his door, lays on his bed with me holding me close and keeping me calm.

"I made sure he would never touch, hurt or kidnap you ever again your safe with me let's get some sleep" Geralt said.

I look at him.

"I finally get to fully heal and recover thank you for saving me bringing me back home I didn't deserve to go back there that's always my nightmare" I said crying.

Ciri hugs me and lays on the bed with us.

"Kara it's ok we will help you so you don't have the nightmare again" Ciri said.

Geralt hugs and kisses me goodnight.

"Goodnight my little wolf I will protect you and keep you safe like you do with me your welcome it's good to have you back home love you so much" Geralt said.

I hug and kiss him goodnight.

"Night Geralt I know you will you always protect me and keep me safe like I do with you me too I'm happier here love you so much too" I said.

He turns the light off and fall asleep. We all sleep through the night even though I'm still in pain and bleeding again.

# Long Road to Healing

## Chapter Summary

Kara gets ready for the day she limps into the dining hall sitting at the table with Ciri and Geralt staying really close to him. She is slowly healing but will never recover from the terrible trauma she went through when she first lived there. She still has nightmares re-living everything that happened to her she is still really afraid of Lambert and always will be no matter what after what he did and put her through. Will Vesemir, Ciri and Geralt help her? Will she be safe?

Once morning comes I wake up go across the hall to the bathroom, brush my teeth, and hair I often wear in a ponytail with long parted bangs, wear pale face makeup, peach eye shadow around my eyelids, under my eyebrows, above my cheekbones and wear red lipstick.

"I don't want to deal with Lambert ever again I just want to heal I will never recover from everything that happened" I said.

After I get my hair and makeup done, I walk into Geralt's room, to our closet, pick out my favorite outfit, gorgeous necklace Geralt bought me and comfortable shoes put them on limp to the door opening it, limp into the dining hall where our table is sit down and rest while waiting for Ciri and Geralt to come.

"I want to stay here, brush, feed Roach and relax with Ciri and Geralt" I said.

Vesemir, Merek, Eskel, Everard, Gwain, Lambert, Coën, Ciri and Geralt walk in and sit at their tables eating, drinking and talking. Ciri is sitting next to me Geralt is sitting on the other side of me where I'm staying really close to him.

"What are you all going to do today?" Vesemir said.

"We are going to train teams of 2 unless Lambert and Coën have other plans" Eskel and Everard said.

Gwain and Merek smile.

"It's going to be fun with 3 teams" Gwain and Merek said.

Coën and Lambert agree.

"We will join you later we have plans of our own" Coën said.

"Yup we do we need to train more" Lambert said.

Ciri and Geralt look at me.

"Hey Kara how are you feeling we know your slowly healing we will help you through this I might help Vesemir that way you and Geralt can spend time together" Ciri said.

"It's ok my little wolf we know your still scared of Lambert and afraid he might hurt and rape you again but your safe with me" Geralt said.

I look at them.

"I'm fine just slowly healing I know I will never go back to the way I used to be before everything happened I will always be scared of him he will do it again" I said.

Eskel, Everard, Gwain and Merek get up, walk outside and start to train. Coën and Lambert get up, walk over to us he hugs me Lambert tries to pull me away from Geralt but Coën grabs his arm pulling him away. Vesemir and Ciri get up, walk over to us they hug me.

"Don't worry we will make sure Lambert doesn't punish you again" Vesemir and Coën said.

"Oh Kara you better watch yourself you never know what will happen" Lambert threatened.

Ciri smiles at me.

"It's ok Geralt will always stay with you even if he goes outside to take care of Roach Vesemir and I will think of a way to keep him away from you" Ciri said.

Geralt looks at him then me.

"Lambert leave her alone and let her heal we will never let you kidnap, injure or rape her again Kara just stay with me we can do what we want" Geralt said.

I look at them.

"Thank you I can't go through all that again leave me alone forever I know Ciri I trust you I'm just a little tired I have been having nightmares and reliving it again" I said.

Coën takes Lambert to his room to keep an eye on him Vesemir and Ciri head to the lab to help me Geralt picks me up and carries me to our room, he walks down the hall to our room, walks in closing the door, laying me on his bed he sits next to me keeping me calm.

"We have to make sure you don't keep having nightmares and reliving it you have been through enough and are slowly healing when your asleep I will go see Vesemir if Lambert ends up in here you can fight him if he drags you to his room Coën will be there to help he can bring you back to our room" Geralt said.

I smile at him.

"I know Coën helped me before I don't want these nightmares anymore I just want to have sweet dreams sometimes I dream about you but one nightmare was scary and sad Lambert did it again you got killed I lost you" I said crying.

He hugs and kisses me wiping away my tears I finally fall asleep he walks to the door, opens it, walks out closing it and heads to the lab to talk to Vesemir and Ciri. Meanwhile in the lab Vesemir and Ciri are trying to come up with an idea to help me they know I do not want to keep having nightmares.

"I hope this helps we know she tells Geralt about her nightmare maybe he can tell us and we can figure out how to help?" Vesemir said.

"Yeah i feel bad for her we know he will do it again she's slowly healing but she will always be scared of Lambert no matter what" Ciri said.

Eskel, Everard, Gwain and Merek are done training they head to their rooms to relax and rest before they go to bed. Back in the lab Geralt walks in walks over to Vesemir and Ciri sitting next to them.

"Kara is sleeping but I am worried about her having nightmares and reliving it I told her if Lambert takes her to his room and does it again Coën will bring her back to our room she sometimes dreams about me one nightmare was scary Lambert did it again and I got killed she lost me" Geralt said.

They look at him.

"That's good that he will bring her back to your room he helped her a few times against Lambert" Vesemir said.

"Aw that is sweet she knows you won't get killed she won't lose you but I am worried that Lambert will do it again" Ciri said.

Meanwhile Eskel, Everard, Gwain and Merek fall asleep through the night in Lambert's room Coën and Lambert are relaxing but he does have something planned Coën knows that if I get hurt again he will bring me back to our room and stay with me until Geralt comes back.

"If you do it again I will bring her back to Geralt's room where she belongs none of us want her to get injured or raped again she's been through it enough" Coën said.

"I know she's slowly healing from the injuries I gave her especially her legs I won't touch her legs or her eye which look really bad but I can promise you it will happen again just not the injuries" Lambert said.

Back in our room I'm still sleeping trying not to have a nightmare that I don't notice Lambert walking in over to the bed picking me up, walking out of the room carrying me to his room, walking in, over to his bed laying me on my stomach, tying my hands behind my back, lifting my dress up, pulling my undies down enters his erection going fast and slow.

"This is really good I haven't lost my touch, she's still scared and not enjoying it I can do this all night" Lambert said.

Coën looks at him and me.

"You know she's not enjoying it she's still shaking badly and scared you need to stop" Coën said.

Lambert keeps going but I take my feet and kick him he gets angry I try to scream but he gets a strip of duct tape and puts it over my mouth muffling my screams which turn to whimpers Coën and Lambert know I'm scared and shaking badly he pulls my head back slitting my neck.

"Mmmph!" I muffle whimper.

Coën gets out of the chair, walks over to me, gets some gauze wrapping it around my neck more than once, takes the duct tape off, cuts the rope, pulls my undies up, pulls my dress down, picks me up but before he walks with me out of the room Lambert walks over to me kissing me on the lips I kick him away Coën leaves and walks to our room.

"Don't worry Kara I will stay with you until Geralt comes back Lambert had no right to kiss you on the lips, slit your neck and rape you again you will have to tell him" Coën said,

I smile at him.

"Thank you for helping me again I appreciate it I will tell him your the best brother ever as are the rest" I said.

We finally make it back to our room, walk in over to the bed laying me on it covering me up and sits next to me keeping me calm also gives me some water to get the taste out of my mouth from Lambert he hugs me. Back in the lab Vesemir, Ciri and Geralt are talking before they go to bed for the night.

"I think we should try to help her tomorrow she's probably sleeping right now but I think she has something to tell you before you both go to sleep" Vesemir said.

Ciri and Geralt agree.

"Yeah she needs all the sleep she can get let's hope he didn't do it again because she is still slowly healing" Ciri said.

"That's true I know Coën is staying with her until I go back I know she has something to tell me we are her family I will do whatever I can to protect her as will you all" Geralt said.

Vesemir, Ciri and Geralt walk out of the lab and head to their rooms for the night. Vesemir and Ciri walk into their rooms, close the doors, get into bed and fall asleep. Geralt finally makes it back to his room, walks in, over to the bed sitting next to me he sees the gauze around my neck but stays calm he sees Coën and smiles.

"Hey Coën thank you for staying with her I hate leaving her alone we know what happens when she's alone" Geralt said.

He looks at him.

"Your welcome Kara, Geralt that's what family is for" Coën said.

Coën walks out of the room, closes the door, walks back to Lambert's room, walks in closes the door and falls asleep on the cot on the floor. Back in our room Geralt smiles at me and is calm waiting for me to tell him.

"Hi my little wolf can you tell me what happened" Geralt said.

I smile at him.

"I missed you so much while you were gone Lambert came in here, carried me to his room, laid me on my stomach, tied my hands behind my back, pulled my dress up, my undies down and raped me I kicked him and tried to scream but he pulled my head back, slit my neck and gagged me with duct tape I kicked him again Coën wrapped my neck more than once, took the duct tape off, cut the rope, picked me up and started to walk out but Lambert kissed me on the lips" I said.

He smiles back.

"Thank you for telling me I will protect you as will the others no matter what" Geralt said.

He lays on his bed next to me holding me close he hugs and kisses me goodnight.

"Good night my little wolf I'm glad you told me what happened we will help you tomorrow" Geralt said.

I smile at him.

"Your welcome I just want him to leave me alone we don't have to worry about the Nilfgaardians ever again" I said.

He smiles back.

"Your welcome my little wolf yeah we don't have to worry about them we will make sure he leaves you alone you can crawl then limp but we will help you out I love you so much" Geralt said.

I hug and kiss him goodnight.

"Night Geralt I feel safer with you and don't want to deal with Lambert ever again I love you so much too" I said.

He turns the light off and fall asleep. We all sleep through the night even though I'm still in pain and bleeding again.

# One Big Happy Family

## Chapter Summary

Kara is spending time with her family she hopes Vesemir, Ciri and Geralt can help her with her nightmares so she can sleep instead of staying up all night she doesn't want them anymore every time she has them she re-lives what happened to her she is still scared. Will they help her with her nightmares so she doesn't stay up all night and re-live them? Will Lambert punish her again? Will Vesemir, Coen and Geralt protect her from him so she can be safe with Geralt?

Once morning comes I wake up go across the hall to the bathroom, brush my teeth, and hair I often wear in a ponytail with long parted bangs, wear pale face makeup, peach eye shadow around my eyelids, under my eyebrows, above my cheekbones and wear red lipstick.

"I really hope Vesemir, Ciri and Geralt can help me with my nightmares so I can sleep instead of staying up all night re-living them" I said.

After I get my hair and makeup done, I walk into Geralt's room, to our closet, pick out my favorite outfit, gorgeous necklace Geralt bought me and comfortable shoes put them on limp to the door opening it, limp into the dining hall where our table is sit down and rest while waiting for Ciri and Geralt to come.

"I really hope Lambert doesn't punish me anymore I'm tired of him doing it over and over and over again I just want to be safe, fully recover and have fun not be petrified" I said.

Vesemir, Merek, Eskel, Everard, Gwain, Lambert, Coen, Ciri and Geralt walk in and sit at their tables eating, drinking and talking. Ciri is sitting next to me Geralt is sitting on the other side of me where I'm staying really close to him.

"What are your plans for today?" Vesemir said.

"We are going to train this time with teams of 3 to see if we can defeat them so we can work on what we learned" Eskel and Everard said.

Gwain and Merek smile.

"It's going to be fun with 3 teams" Gwain and Merek said.

Coën and Lambert agree.

"We would like to join you all today" Coën said.

"Yup we can see what we learned who knows it will come in handy" Lambert said.

Vesemir and Ciri smile.

"Geralt, Ciri, Kara and I are going to the lab to see if we can help Kara with her nightmares so she can sleep at night without trying to stay awake all night" Vesemir said.

"Yeah we hope this really helps she keeps re-living everything that has happened to her since she first came home with Geralt we don't want Lambert anywhere near her" Ciri said.

Geralt looks at them.

"I hate seeing her like this she needs to fully heal but she will never recover from everything that happened to her when I first brought her here she likes everyone but Lambert" Geralt said.

I look at them and smile.

"Yeah I hate staying up all night because of the stupid nightmares I keep having Coën helped me out a lot and stood up for me he even stayed with me until Geralt came back" I said.

Coën walks over to us hugs and kisses me on the cheek I hug and kiss him on the cheek back he smiles at me I smile back.

"I'm glad I could help you out I will keep Lambert away from you we do not need him to punish you again this is the time for you to fully heal and try to recover besides you will be with Vesemir, Ciri and Geralt they will make sure Lambert stays away from you" Coën said.

Eskel, Everard, Gwain, Merek, Lambert and Coën all walk to the door, open it, walk outside, close the door and start training against each other to see how much they learned. Vesemir, Ciri, Geralt and I get up and walk to the lab.

"Let's hope it can help her we all want her to be happy and not scared anymore we all know she's still scared because of the Nilfgaardians (even though they haven't bothered her) but mostly Lambert because of his punishments" Vesemir said.

"I mean the Nilfgaardians did punish her but they haven't been bothering her she's still scared after what they did to her although Lambert made it worse when he punished her and brought her to them then he kept punishing her" Ciri said.

Geralt and I look at them.

"I know but she's more afraid of Lambert after he kept punishing her taking her to his room and made her sleep on the floor, injured her badly, forced her to marry him, made her his slave and pet, beat her some more and raped her a lot just like the Nilfgaardians did" Geralt said.

"Yeah all because I got mad when he told me Geralt didn't love me he loved Yennifer so I fought him that's when all of this happened if I had ignored him he wouldn't have punished me beat me, made me his slave and pet and raped me more than once" I said.

Geralt kept me with him while we made it to the lab, walked in, sat down and waited for Vesemir and Ciri to help me. Meanwhile outside Everard, Eskel, Gwain, Merek, Coen and Lambert are still training with each other.

"This is the best training we all have ever done as 3 teams" Everard said.

"With everything we have learned we thought we should keep going you never know when it will come in handy" Eskel said.

Gwain and Merek smile.

"I agree but I'm still worried about Kara we are her family but we know she is still trying to fully heal and recover but she's still afraid of Lambert after he kept punishing her" Gwain said.

"She didn't deserve what he did to her all because he told me that Geralt had a soulmate Yennifer so she fought him that's when all this happened to her" Merek said.

Coen and Lambert agree.

"I feel bad for her this shouldn't have happened we all know Yen moved on as did Geralt Ciri already took a liking to her when she first saw her" Coen said.

"I was only telling the truth but she started it when she fought me so I punished her, forced her to marry me, abused, beat, made her my slave and pet sleep on the floor and raped her a lot she still didn't learn so I kept going now she's still slowly healing and recovering maybe now she will always be petrified of me always have and will no matter what" Lambert said.

Back in the lab Vesemir, Ciri, Geralt and I are still waiting I'm resting for a while laying on Geralt's chest they all see me and smile he is keeping me calm I'm safer with him.

"That is so cute she's resting on him and he's keeping her calm" Vesemir said.

"Yeah let's make sure we get done before she goes to sleep for the night we don't want her to stay up all night I know she's worried about Lambert walking in and taking her to his room to punish her again she deserves to stay safe I might stay with them for the night" Ciri said.

Geralt smiles and looks at them.

"I will always protect her and keep her safe from Lambert we know he likes to take her to his room to punish her yeah you can sleep in our room and keep an eye on her to make sure she isn't up all night and to keep an ear out for Lambert you never know just rest my little wolf we will all protect you from him" Geralt said.

Back outside they all go inside to eat, drink and talk before going to bed for the night. Back in the lab Vesemir is done and sits down with Ciri to see if it will help me not have nightmares and stay

up all night I hate Lambert always have and will.

"Let's hope she's not up all night she is really safe here with us especially Geralt they protect each other" Everard said.

"Yeah we all promise to protect her from Lambert and hate to see her get punished again who knows what will happen in the middle of the night" Eskel said.

Merek and Gwain agree.

"We are her family after all like her brothers except Lambert he will always be mean to her she belongs here with Geralt he hates seeing her injured and petrified" Merek said.

"True she is really safe here let's hope he doesn't plan on raping her again she's been through it a lot it needs to stop or she will never recover" Gwain said.

Coën and Lambert nod their heads.

"Yeah especially when Geralt beat the shit out of him for what he did to his little wolf to be honest Vesemir also did it as did we Lambert promise us you won't rape her again and stay away from her she is family we all need to take care of her" Coën said.

"I guess I deserved it for going to far with punishing her I promise I won't rape her again but she looked funny when she was tied to the medallion tree and couldn't talk we all saw how angry Geralt got you all stopped me while he protected her" Lambert said.

Meanwhile back in the lab Vesemir tried the potion and used a spell to help me not have nightmares and to stay up all night hoping it will work besides Ciri will see if it worked.

"We should know by late tonight if she slept and didn't stay up all night Ciri would you mind keeping an eye on her to make sure she isn't up all night?" Vesemir said.

Ciri smiles at him.

"Sure I can besides we all hope Lambert doesn't rape her although he might tie her to the medallion tree again which Geralt and I helped and protected her while you all subdued him I can find out and let Geralt and you know besides Coën will stay with him" Ciri said.

Geralt agrees.

"If that happens we will help and protect her again he really needs to leave her alone she's finally home where she belongs and safe with me I'm just worried though" Geralt said.

I smile at them.

"We all know how he is and know what he is capable of even if I am in the dining hall and still asleep we will know it worked because I won't be up all night" I said.

Everard, Eskel, Merek, Gwain, Lambert and Coën all head to their rooms and sleep through the night especially Coën making sure he doesn't do it again or hell will break loose Vesemir, Ciri, Geralt and I finally head to our rooms for the night Ciri lays on the end of the bed while I am laying next to Geralt staying close to him.

"Let's hope he doesn't tie her to the medallion tree again if he does I will tell you" Ciri said.

"I know Vesemir, Merek, Gwain, Everard, Eskel and Coën will be there taking Lambert back to his room then we will bring her back here so she can sleep" Geralt said.

At 1:00am Ciri sees me still sleeping but what none of us know is that Lambert is on his way here to take me into the dining hall and tie me to the medallion tree again trying to rape me.

"Be prepared Kara I will do it none of them will stop me" Lambert said.

Lambert walks to the door, opens it quietly, walks in, over to the bed, sees me with Geralt, picks me up carrying me to the dining hall, walks over to the medallion tree, ties me to it, gags me, pulls my gown up, undies down enters his erection going fast and slow.

"Aw the little wolf isn't enjoying this too bad your going to always be afraid of me no matter what I know Vesemir, Merek, Gwain, Everard, Eskel and Coën will take me back to my room while Ciri and Geralt help you" Lambert said.

Ciri wakes up, walks to the door, opening it, walks out, down the hall to the dining hall, stands there seeing me still asleep, tied to the medallion tree, gagged and Lambert raping me one last time she runs to our room, walks in, wakes Geralt up and tells him.

"Ciri are you ok where's Kara?" Geralt said.

She takes a deep breath and tells him.

"Not really she's in the dining hall still asleep, tied to the medallion tree, gagged Lambert is raping her again" Ciri said.

Geralt gets out of bed, walks out of his room down the hall to the dining hall walks in seeing me still asleep tied to the medallion tree, gagged and Lambert raping me again. The others wake up and walk into the dining hall to see me and Lambert they get angry and grab him while Vesemir knocks him out.

"Alright Coën take him back to his room, the rest of you go back to bed, Ciri, Geralt help Kara and take her back to your room without waking her up my potion and spell worked she's still asleep and not having nightmares" Vesemir said.

They all head back to their rooms close the doors get into bed and fall asleep while Ciri pulls my panties up and my gown back down, Geralt unties me and takes the duct tape gag off throwing them on the floor, picks me up carrying me back to our room, we get there and close the door.

"Ciri let's make sure she doesn't wake up you can go to sleep I will lay her next to me" Geralt said.

She smiles at him.

"Ok I know she will still be afraid of Lambert she's still healing and recovering" Ciri said.

Ciri lays back on the bed and falls asleep. Geralt lays down with me next to him holding me close with my head on his chest under the sheets hugs and kisses me goodnight.

"Goodnight my little wolf I'm glad your alright Lambert had no right doing that to you" Geralt said.

I hug and kiss him goodnight.

"Night Geralt I feel safer with you I don't want to deal with Lambert ever again I love you so much too thank you for helping me again I appreciate it" I said.

He smiles back.

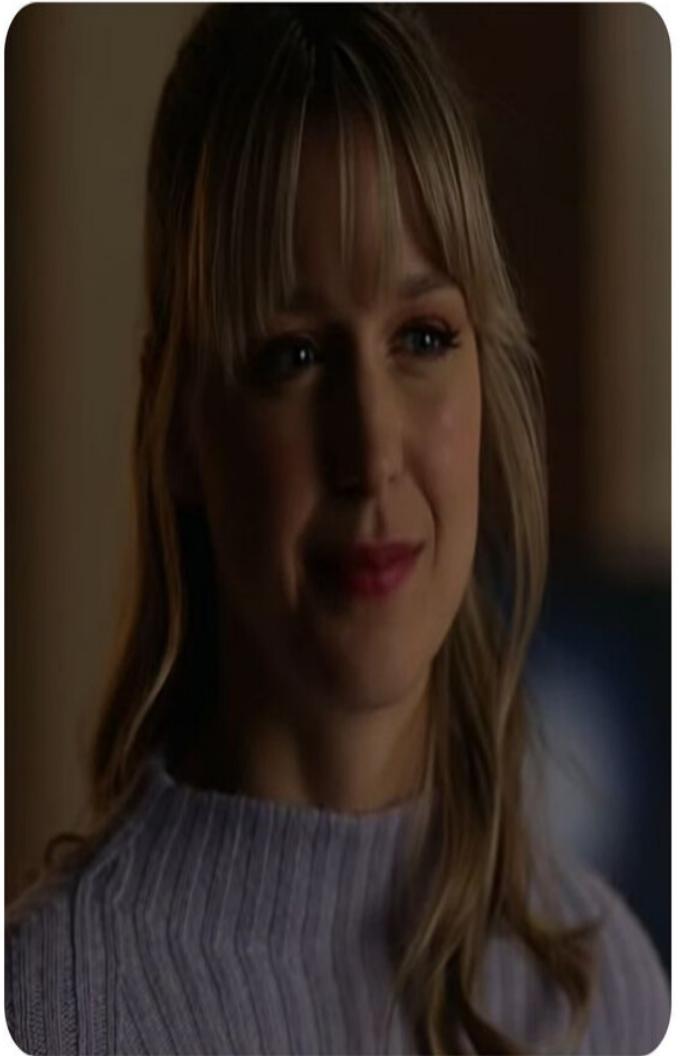

"Your welcome now you won't have nightmares" Geralt said.

He turns the light off and falls asleep. We all sleep through the night even though I'm still in pain and bleeding again.

## Lambert Strikes Again

### Chapter Summary

Kara is still slowly recovering from her injuries, rape and trauma she endured from Lambert she knows the rape will be with her forever what they don't know is Lambert is going to kidnap her, take her to the basement lab and sacrifice her in a dark ritual injuring her more he will also rape her again. Will Coen, Vesemir, Ciri and Geralt find her? Will Lambert have fun with her? Will Coen, Vesemir, Ciri and Geralt be too late?

Once morning comes I wake up go across the hall to the bathroom, brush my teeth, and hair I often wear in a ponytail with long parted bangs, wear pale face makeup, peach eye shadow around my eyelids, under my eyebrows, above my cheekbones and wear red lipstick.

"I don't want to deal with Lambert anymore after the trauma he put me through if this keeps up I'm going to be worse than I already am and take more days to fully recover and heal" I said.

After I get my hair and makeup done, I walk into Geralt's room, to our closet, pick out my favorite outfit, gorgeous necklace Geralt bought me and comfortable shoes put them on limp to the door opening it, limp into the dining hall where our table is sit down and try to relax while waiting for Ciri and Geralt to come.

"I hope Lambert isn't planning something worse than what he did and put me through I'm still trying to fully heal and recover but if this is worse then I have a long recovery that will take more days to fully recover and heal" I said.

Merek, Eskel, Everard, Gwain, Lambert, Coën, Vesemir, Ciri and Geralt walk in and sit at their tables eating, drinking and talking. Ciri is sitting next to me Geralt is sitting on the other side of me where I'm staying really close to him.

"What are your plans for today?" Vesemir said.

Eskel and Everard smile at him.

"More training today to see if we got better and better" Eskel and Everard said.

Gwain and Merek smile.

"It's going to be fun with 2 teams Coën can call out the commands" Gwain and Merek said.

Coën and Lambert agree.

"I would like to join you all today not sure what Lambert is going to do today?" Coën said.

"I'm going to relax in my room don't worry I won't go anywhere near Kara let alone injure and rape again her I promise" Lambert said.

Vesemir looks at them.

"Geralt, Ciri and I are going to train together while Kara finally gets to fully recover and heal since she isn't having nightmares anymore" Vesemir said.

Ciri smiles at him.

"Yeah training is going to be fun she needs to rest but I'm still worried about her" Ciri said.

Geralt looks at them and me.

"Yeah she has 2 of the best teachers around Kara we know your going to rest in your room but if he does something worse we will all help you" Geralt said.

I smile at Vesemir, Ciri and Geralt and hug them.

"I know you will I just have a bad feeling if he does something worse it's going to take more days to fully recover and heal" I said.

Coen walks over hugs and kisses me I hug and kiss him back.

"Yeah I will also help we are a family we help each other" Coën said.

Eskel, Everard, Gwain, Merek, and Coën all walk to the door, open it, walk outside, close the door and start training against each other to see how much they learned. Vesemir, Ciri and Geralt get up, walk outside to train with Ciri while Lambert and I head to our rooms to rest and relax none of us knows what he has planned which is worse than before.

"Training with Vesemir and you is the coolest thing ever" Ciri said.

I finally get to my room, walk in, close the door, walk over to my bed and lay down falling asleep. Meanwhile Lambert is in his room planning something again coming up with a perfect one that I will not like at all it will not sit well with Geralt they know if it's worse they will help me no matter what.

"Don't worry little wolf you will be sacrificed in a dark ritual will never recover and heal your still scared of me no matter what" Lambert said.

Back in my room I'm still taking a long nap trying to fully recover and heal not sure what tonight and tomorrow will bring I just hope he doesn't come into my room and take me to the lab so he can sacrifice me, make me worse and make me his if that doesn't work he will think of something else that will not sit well with the others and me.

"I really hope he doesn't sacrifice me I will never fully recover and heal" I said.

Back outside everyone is training not knowing what is going to happen to me later when everyone is asleep. They hope it's not worse than me being his slave and pet. Not sure what they are going to do when they find out I know they will be pissed as will Geralt.

"I think after we train we all head inside to eat then head to bed for the night" Eskel said.

"Yeah that sounds good to me" Everard said.

Gwain and Merek agree.

"We are just worried about Kara she's trying to fully recover and heal but we know he will make it worse where it will take days for her to fully recover and heal" Gwain said.

"True but when he sets his mind to something he will do it" Merek said.

Coën looks at him.

"Yeah we know she is sleeping but I'm sure she will join us for dinner" Coën said.

Eskel, Everard, Gwain, Merek, Coën, Vesemir, Lambert, Ciri and Geralt all head into the dining hall sit, eat, drink and talk. I finally wash my face and hands, walk to the door, open it limp out, head down the hall, limp into the dining hall see Ciri and Geralt, limp over to the table sitting next to Geralt staying close to him they see me only eat a little but I empty my cup.

"I feel good but I'm still trying to fully recover and heal I just have a bad feeling that something is going to happen later we know none of you are going to be happy" I said.

Ciri and Geralt smile at me.

"That's good but what is the bad feeling you have is it worse than what he did and put you through?" Ciri said.

"What ever it is we will help you try not to worry let's get you to bed you already look like your about to fall asleep" Geralt said.

Ciri, Geralt and I head to our rooms he walks in, he lays me in bed, covers me up kissing me goodnight.

"Good night Kara if something bad happens let Ciri know then I can help you if you need to talk come find me love you so much" Geralt said.

I hug and kiss him goodnight.

"Night Geralt I will let Ciri know I know where you will be when I need to talk to you love you so much too" I said.

Geralt walks out of my room, closes my door, walks with Ciri to their rooms they talk before they go to sleep.

"I'm worried about her I know she's trying to fully recover and heal but something tells me it's going to be worse for her" Geralt said.

Ciri looks at him.

"Yeah she knows we will help her if something happens I will let Coën, Vesemir and you know" Ciri said.

Geralt looks at her.

"That's what family is for yeah let us know so we can help her while Coën takes Lambert to his room and stays with him" Geralt said.

They walk into their rooms, close their doors, get ready for bed, get into bed and fall asleep through the night. Lambert walks quietly to my room, opens the door, walks in over to my bed, picks me up, carrying me in his arms walks out of my room, heads to basement lab, walks in, closes the door,

"Don't worry little wolf it will hurt you a lot you will be begging me to stop" Lambert said.

I look at him.

"Mmmph" I muffle scream.

He traps me in place, using hooks connected by chains to restrain me while he performs the dark ritual once I am secure he rips my clothes off so I'm naked rapes me more than once stabs me in the stomach deeply, slashes my legs badly and slits my neck again.

"Aw is weak little Kara afraid of me injuring and raping you again?" Lambert said.

I growl at him.

"You can't treat me like this Coën, Vesemir and Geralt will come and you will be in trouble again" I said.

Lambert looks at me.

"Oh well by the time they get here you will be unconscious, injured badly and will take days to fully recover and heal who knows maybe next time we are alone I will rape you more and get you pregnant I always wanted a little boy even though you won't be happy" Lambert said.

I keep growling at him.

"We will prevent that from happening there is no way in fucking hell I am going to have your baby so forget it" I said growling.

He looks at me, smirking, gags me with duct tape and begins the ritual.

"Oh, fuck I'm in trouble and they don't know" I thought to myself.

Lambert watches and laughs as the ritual begins knowing I'm going to be unconscious then he will stab me in the stomach, slash my legs, slit my neck and rape me again. I'm still struggling and growling but to no avail.

"Brothers and Sisters we come together on the eve of our holiest of festivals to call upon our great Myriapod to accept our offering and bless our tribe with health, fertility, to purify and banish the evils that plague us so that we may thrive!" Lambert said.

After the ritual I'm unconscious he stabs me in the stomach deeply, slashes my legs badly, slits my neck, more and rapes me again. the Myriapod tries to kill me. Ciri peeks in, sees Lambert, the Myriapod, and me unconscious, bleeding badly from my stomach, neck and legs again she runs to Geralt's room, walks in, wakes Geralt up and tells him.

"Ciri are you ok where's Kara?" Geralt said.

She takes a deep breath and tells him.

"Not really she's in the lab, unconscious, naked, chained to the wall injured badly again, bleeding, gagged raped with Lambert and a Myriapod trying to kill her" Ciri said.

Geralt gets out of bed, walks out of his room down the hall to the lab followed by Coën, Vesemir and Ciri hoping they aren't to late. They finally make it to the lab, open the door, walk in, see Lambert, a Myriapod and me. Vesemir knocks out Lambert, Coën catches him, Vesemir walks over to me and gets me down while Geralt deals with the Myriapod.

"Alright Coën take him back to his room and make sure you stay with him, Ciri can you help me with her Geralt after you are done we will need your help with her" Vesemir said.

Coën takes Lambert out of the lab back to his room and stays with him, Ciri grabs my clothes and walks with Vesemir and me back to Geralt's room, they walk in, over to his bed, lays me on it, tries to clean some of the wounds on my neck, stomach and legs they really need Geralt's help they try the best they can to stop the bleeding.

"We really need Geralt to help but let's see if we can wake her up so she can tell us what happened" Vesemir said.

Ciri looks at him and me.

"Yeah I hope he is done killing the Myriapod I can't believe that Lambert called the Myriapod to try to kill Kara" Ciri said.

Back in the lab Geralt is still fighting the Myriapod and has imbued his sword with some kind of magical energy he slashes the many-legged bug monster killing it and throwing it out, walks out of the lab and heads to his room to help Vesemir and Ciri. Meanwhile back in his room Vesemir and Ciri are still trying to wake me up even though i'm in pain.

"Let's see if we can get her to wake up I hope she can talk even though her neck is slit again?" Vesemir said.

Ciri smiles and tries to get me to wake up.

"Come on sweetie please wake up" Ciri said.

Vesemir and Ciri bandage my neck, stomach and legs more than once. Geralt finally makes it back to his room, he walks in, over to me he's sitting next to me keeping me calm he knows something is bothering me.

"My little wolf we need you to wake up so you can tell us what happened" Geralt said.

I finally open my eyes, sit up with Vesemir's help and hug them.

"I was sleeping in my room, the next thing I know Lambert takes me to the lab chains me to the wall, rips my clothes off, stabs me in the stomach, slits my neck, slashes my legs badly, rapes me again sacrifices me in a dark ritual, calls a Myriapod to try to kill me he stabs me in the stomach, slits my neck, slashes my legs and rapes me again" I said.

They are shocked and want to know what he was planning to do with the dark ritual I am not sure but I have to tell them they won't be happy.

"Why would he do that to you I mean he forced you to marry him but that didn't go as he planned? Vesemir said.

"I'm thinking he was trying to make her his for some reason she would probably know" Ciri said.

Geralt looks at them and me.

"You could be right Kara why would he make you his by sacrificing you in a dark ritual and try to get a Myriapod to kill you?" Geralt said.

I look at them.

"He was trying to make me his because he has something else planned if the dark ritual didn't go as planned I guess he called the Myriapod so he could kill me he said I don't belong here he was trying to get rid of me and none of you will miss me" I said crying.

They comfort me Geralt wipes my tears away, helps Vesemir and Ciri get me dressed so I can sleep they finally get me dressed, hug and kiss me I hug and kiss them back Vesemir and Ciri walk out and head to their rooms for the night. They get into their rooms, close their doors, get into bed and fall asleep. Coen stays in Lambert's room making sure he doesn't leave and try to take me from Geralt and plan something else. He kisses me goodnight.

"Goodnight my little wolf I'm glad your alright Lambert had no right doing that to you" Geralt said.

I hug and kiss him goodnight.

"Night Geralt I feel safer with you I don't want to deal with Lambert ever again I love you so much too thank you for helping me again I appreciate it" I said.

He smiles back.

"Your welcome now you can fully recover and heal" Geralt said.

He turns the light off and falls asleep. We all sleep through the night even though I'm still in pain and bleeding again.

Ciri smiles at him.

"Yeah we are since she lost a lot of blood in there she needs to rest but I'm still worried about her" Ciri said.

Geralt looks at them and me.

"Yeah also the Myriapod that I killed I will help clean that up Kara we know your going to take a nap in your room but if he does something worse we will all help you" Geralt said.

I smile at Vesemir, Ciri and Geralt and hug them.

"I know you will I just have a bad feeling if he does something worse than the dark ritual it's going to take more days to fully recover and heal" I said.

Coën walks over hugs and kisses me I hug and kiss him back.

"Yeah I will also help we are a family we help each other" Coën said.

Eskel, Everard, Gwain, Merek, and Coën all walk to the door, open it, walk outside, close the door and start training against each other to see how much they learned. Vesemir, Ciri and Geralt get up, walk to the lab so they can clean it while Lambert and I head to our rooms to rest and relax none of them know what he has planned which is worse.

"Wow it really is a mess in here I'm just glad she didn't come because if she did she would panic since this is where he sacrificed and tried to kill her" Ciri said.

I finally get to my room, walk in, close the door, walk over to my bed and lay down falling asleep. Meanwhile Lambert is in his room planning something again coming up with a perfect one that I will not like at all it will not sit well with Geralt they know if it's worse they will help me no matter what.

"Don't worry little wolf you will be pregnant with my child will never recover and heal your still scared of me no matter what" Lambert said.

Back in my room I'm still taking a long nap trying to fully recover and heal not sure what tonight and tomorrow will bring I just hope he doesn't come into my room, take me to his room so he can rape me more and get me pregnant with his child then tell them the news like when he told them he would force me to marry him.

"I have to take care of Roach so Geralt doesn't have to I'm just worried" I said.

I get off my bed, walk to the door, open it, limp out into the dining hall, out the door, over to Roach, giving her a bath, drying her off, brushing her fur, mane and tail, giving her an apple and putting a blanket on her so she can sleep while she is asleep I walk back in and limp down the hall to the lab, open the door, walk in and see them cleaning.

"Hey guys how is the cleaning coming along I'm sorry this is my fault I should be the one to clean it not you" I said.

Vesemir and Ciri smile at me.

"Hi Kara it's going good we are almost done" Vesemir said.

"It's not your fault we can do this we are just worried about you" Ciri said.

Geralt hugs me.

"Your supposed to be resting is something bothering you?" Geralt said.

I look at them.

"That's good I'm glad it wasn't my fault I know your worried I want you to know that I took care of Roach for you I gave her a bath, brushed her fur, mane and tail, gave her an apple and put a blanket on her she's asleep for the night I'm fine don't worry" I said.

They smile at me.

"After we are done we are going to bed" Vesemir said.

"Yeah if something happens let us know" Ciri said.

Geralt kisses me.

"Thank you for taking care of her we are worried about you" Geralt said.

I smile back.

"Your welcome" I said.

Back outside everyone is training not knowing what is going to happen to me after dinner. They hope it's not worse than me being sacrificed not sure what they are going to do when they find out I know they will be pissed as will Geralt.

"I think after we train we all head inside to eat then head to bed for the night" Eskel said.

"Yeah that sounds good to me" Everard said.

Gwain and Merek agree.

"We are just worried about Kara she's trying to fully recover and heal but we know he will make it worse than the dark ritual where it will take days for her to fully recover and heal" Gwain said.

"True but when he sets his mind to something he will do it" Merek said.

Coën looks at him.

"Yeah we know she is sleeping but I'm sure she will join us for dinner" Coën said.

Eskel, Everard, Gwain, Merek, Coën, Vesemir, Lambert, Ciri and Geralt all head into the dining hall sit, eat, drink and talk. I finally wash my face and hands, walk to the door, open it limp out, head down the hall, limp into the dining hall see Ciri and Geralt, limp over to the table sitting next to Geralt staying close to him they see me only eat a little but I empty my cup.

"I will let you if something is wrong" I said.

I get up, and start limping to my room, Lambert also gets up we head to our rooms before I can go into my room Lambert carries me to his room, we get to his room, he closes the door lays me on the bed uses a rag, putting it over my nose and mouth, drugging me into unconsciousness, gags me, rips my clothes off and starts raping me more than once.

"Soon you will be pregnant with my child if I find out that you aborted you will be severely punished and will take longer to fully recover and heal" Lambert said.

Meanwhile Ciri and Geralt find Vesemir in the lab and talk to him he has them sit down so they can talk. They know what Lambert is going to do but they don't know the other part where I am pregnant with his child which I will never do.

"Ciri, Geralt what's wrong you both don't look happy?" Vesemir said.

Ciri looks at him.

"We know Lambert raped her more than once we also know that he isn't done with her yet meaning something worse than the dark ritual she doesn't deserve this at all she deserves to be safe with Geralt" Ciri said.

Geralt agrees.

"We have to figure out how to keep her safe I also know she has something on her mind that she didn't tell us that involves Lambert and her which she's not happy about she deserves to live her life the way we and her want to not be stuck with Lambert her and I are soul mates ever since we were kids" Geralt said.

Vesemir is shocked but also agrees.

"Let's all come up with a way to figure out how to help her I think you should find out what's on her mind because if she doesn't tell you then he will" Vesemir said.

Back in his room he's still going but finally stops, cleans me and him off, puts my cloak on covering me up since I can't wear my clothes walks out of his room with me with his arm around me I take the rope and duct tape off and give him a piece of my mind.

"Your going to be carrying my child whether you like it or not" Lambert said.

I look at him angrily.

"There is no way in fucking hell I'm going to carry your child I'm going to live my life the way Geralt and I want me to I'm not going to be stuck with you" I said.

He keeps abusing me so I don't fight him, go over to Vesemir, Ciri and Geralt and tell them what is on my mind he enters going fast and slow but stops and kisses me on the lips longer which is really gross.

"Wait until they hear the news I have for them you and Geralt are not going to be happy besides when they see you and your belly you won't be able to talk because you will be silent" Lambert said.

I growl at him.

"That is not going to happen you can't keep me quiet I deserve to talk and cuss you out you already gagged me more than once never again I'm going to tell him you raped me more than once" I growled louder.

Back in the dining hall Vesemir, Eskel, Gwain, Everard, Coën, Ciri and Geralt are sitting down talking wondering where we are and hope nothing is wrong. They are all worried especially Geralt my soul mate.

"I wonder where Lambert and Kara are it's not like them to be late?" Gwain and Everard said.

"Yeah I'm sure they will be here soon" Eskel and Coën said.

Vesemir looks at them.

"I really hope she is ok she's human she doesn't deserve to be his she was already his slave and pet and look what happened to her" Vesemir said.

Ciri agrees.

"Yeah me too although she has something on her mind she looks scared again" Ciri said.

Geralt is worried and angry.

"Kara please be ok I'm worried about you and will protect you also keep you safe" Geralt said.

Lambert walks into the dining hall with his arm around me I really want to kick him and run to my table where Vesemir, Ciri and Geralt are and have them keep him away from me I take his arm from around me and start to limp over to the table where Vesemir, Ciri and Geralt are but he grabs me tightly and doesn't let go.

"Sorry little wolf I'm going to do it so your silent when I tell them the news none of them will be happy especially Geralt" Lambert said.

I look at him.

"Only Geralt can call me little wolf no you won't I will not let you do it I can talk and cuss you out"  
I said.

Lambert gets angry and really rough he really ends up throwing me into the medallion tree where I spit out blood on the floor he ties me to the tree and looks at them.

"Everyone I have some exciting news that none of you will be happy about especially Geralt and Kara" Lambert said.

They look at him.

"What exciting news do you have?" Gwain and Everard said.

"Yeah why did you say Geralt and Kara won't be happy?" Eskel and Merek said.

Vesemir and Coen look at him.

"Please tell us because we need to check her injuries again she's going to take longer to heal"  
Vesemir said.

"I hope it's not what I'm thinking" Coen said.

He smiles at them.

"Since I found her heading to her room from the lab she thought she could limp away from me but I took her to my room and raped her again she was unconscious when I did it if you take a look at her stomach you will see a surprise that none of you knew about she's not happy at all now the exciting news I have for you is also her punishment is that she's pregnant with my child" Lambert said.

Ciri looks at him.

"Oh my god I can't believe you did that to her so all the times you raped her you were planning for her to carry your child?" Ciri said.

I look at him.

"There is no way I'm fucking carrying your child I'm going to get rid of it so leave me alone and go fuck yourself you don't deserve to be a Witcher they don't treat me like you do" I yelled.

He looks at me.

"Oh really it already happened I swear if you get an abortion you will be punished now be quiet"  
Lambert commanded.

He gags me so I'm silent. They all get angry and walk over to him trying to detain him again. Ciri and Geralt try to go over to me but can't so Vesemir walks over to them and start walking over to me I'm crying harder silently and hope they can free me and check all of my injuries again.

Geralt looks at me.

"Don't worry my little wolf we will get you checked out I want to see how big you got your not going to carry his child your going to stay with me in my room where Ciri and I will take care of you then I will keep you calm" Geralt said.

Ciri and Geralt free me he carries me in his arms to his room, we walk in, Ciri looks at the injuries, bandages and notices they are crimson red, takes them off putting new ones on making sure they aren't to tight he lays me on his bed and sits next to me wiping my tears away.

"Wow those were infected so I put clean bandages on it will take days for you to fully heal and recover" Ciri said.

I look at them.

He dragged me to his room, drugged me into unconsciousness, raped me again I will never get over that especially since the dark ritual made me worse I don't want his baby I don't belong to him I rather stay with you we are soul mates" I said.

He looks at me.

"We will make sure he doesn't punish you won't have his baby there is a easy way to get rid of it I promise do you want Ciri to stay with you while I get Vesemir so he can help" Geralt said.

I look at him and nod, he walks to his door, opens it walks out and goes to find Vesemir so he can check on me and help. Ciri stays with me to keep me calm. Vesemir sees Geralt and walks with him to his room so he can help.

"What can I do for you?" Vesemir said.

He smiles at him.

"We need you to help Kara she's really scared and doesn't want to carry Lambert's baby he went too far he raped her again she's never going to get over it" Geralt said.

Vesemir and Geralt walk to his room so they can help and check on me. Back in Geralt's room Ciri is trying to keep me calm but it's not working she's worried about me.

"Ciri if I don't have his baby he's going to punish me I can't go through that again I'm still trying to fully recover and heal after the trauma and dark ritual I can't do this" I said.

Ciri is trying to keep me calm and hopes they are on their way.

"Kara it's ok we will think of something we promise he won't punish you he already tried to kill you Vesemir, Geralt where are you?" Ciri said.

Vesemir and Geralt finally make it to his room he opens the door, they walk in over to me I sit up with Ciri's help, see Geralt sitting next to me holding me close.

"Hey Ciri what's wrong?" Vesemir said.

She looks at him.

"When Geralt went to find you she was freaking out I told her we will think of something we promise he won't punish you he already tried to kill you" Ciri said.

"Easy my little wolf I'm here I promise you don't have to worry about him or carry his child I just want you to be safe with me and Ciri" Geralt said.

Vesemir sits next to Geralt so he can check my stomach to see how big it is he knows I never wanted this to happen I can't have a baby I'm a werewolf we don't have babies he smiles at me.

"It's ok Kara just relax I'm going to try to see how we can do this without killing the baby don't worry about Lambert he won't punish you but Geralt will keep you calm so we can do this" Vesemir said.

He uses AARD on my stomach to see if the pain will stop so I can sleep peacefully. Geralt keeps me calm where I finally fall asleep he lays me near the wall and covers me up he smiles and notices that I am calm.

"So how do we handle this without killing the baby because he is going to punish her if she doesn't have his baby?" Geralt said.

Vesemir looks at us.

"That's easy use magic and a potion that will help her not be pregnant anymore and keep him from punishing her for not having his baby" Vesemir said.

Ciri agrees.

"Do you want me to stay in here with you or can you take care of her?" Ciri said.

Geralt smiles.

"You go get some sleep I can take care of her I'm not letting her out of my sight we need that potion and magic she's not going to be able to deal with this and him" Geralt said.

Vesemir and Ciri walk out and head to their rooms for the night but Vesemir has the potion and magic to help me not want to have Lambert's baby. He leaves his room, walks back down the hall to Geralt's room, walks in over to us has the potion and magic ready, puts the potion and magic on my stomach and makes it disappear like magic.

"There all done now she doesn't have to worry about carrying his child if he punishes her let us know we can handle him" Vesemir said.

He finally leaves the room, down the hall to his room, closes his door gets into bed and falls asleep. He kisses me goodnight.

"Night my little wolf your finally safe with me if you need to talk you know where I will be love you so much" Geralt said.

I hug and kiss him back.

"Night Geralt thank you so much for protecting me I know where you will be when I need to talk love you so much too" I said.

We all fall asleep through the night.

Lambert leaves his room, walks down to Geralt's room, walks in quietly over to me pulls me from Geralt where I land on the floor him on top of me angry and starts punishing me.

"Kara I warned you if you got rid of my baby you will be punished now here is your punishment" Lambert said.

He starts to beat me in the face giving me a bloody nose, lip, bruises, a black eye and starts to rape me again Geralt wakes up sees him beating and raping me Coën and Vesemir walk in and knock him out and help me up where Geralt has me close to him under the sheet and blanket with my head on his chest and a cold rag over my face.

"Let's get him out of here so Geralt can keep her safe she really needs to sleep" Vesemir said.

Coën and Vesemir walk to the door opening it, walk out, closing the door, head to their rooms, close the doors, get into bed and fall asleep. Geralt hopes the bleeding stops the bruises and black eye cool down we fall back to sleep with him holding me close to him keeping me safe through the night.
